2. Questions and Answers

- a) Questions regarding this IFB must be submitted in writing. Bidders are encouraged to submit their written questions by 10:00 a.m. on October 8, 2004.
- b) Written questions should include the individual's name, firm name, complete address and must reference IFB No. 05A0838. Questions should be sent to the following address:

MAILED OR FAXED TO:
Fax No.: (916) 227-6159

Department of Transportation, MS-67
Division of Procurement and Contracts
Attention: Janet Omoto
1727 30th Street
Sacramento, CA 95816

- c) Written responses to all questions will be collectively compiled and mailed, as an Addendum, to each individual or firm who downloaded this IFB from the Internet or who requested this IFB by calling the recorded bid line: (916) 227-6090. After the deadline for question submittal, the Addendum is released when all of the questions have been addressed. Hard copy responses are disseminated by mail and an electronic version is uploaded to the Department of Transportation's website. Refer Section C (1), **Time Schedule**, for this IFB's schedule of events and dates/times. It is the responsibility of the Bidder to inquire about an expected Addendum if the Addendum is not received. Bidder can contact the Contract Analyst named above or check the Department of Transportation's website:

<http://www.caltrans-opac.ca.gov/contract.htm>

3. Inclusive Costs

Bids prices/rates shall include the cost of employer payments to or on behalf of employees, subsistence, travel, compensation insurance premiums, unemployment contributions, social security taxes, contract bond premiums, and any other taxes or assessments **INCLUDING SALES AND USE TAXES** required by law or otherwise and no additional allowance will be made thereof, unless separate payment provision should specifically so provide.

4. Small Business Preference: <http://www.pd.dgs.ca.gov/smbus>

Small business preference will be granted on this IFB. Only firms certified as a "Small Business" with the Office of Small Business Certification and Resources (formerly OSMB), in the categories most appropriate to accomplish the prescribed services, will be granted this preference.

5. State Prevailing Wages

State General Prevailing Wage Rates will apply for the Counties of Santa Cruz, San Benito, and Monterey. Copies of the general prevailing wage rates may be obtained by contacting Camillo J. Prandini, Labor Compliance Officer, Central Region, Phone (559) 243-8667. Copies may also be obtained via the Internet: <http://www.dir.ca.gov>

6. Recycle Certification

Your signature affixed hereon and dated on the attached Bid/Bidder Certification Sheet shall signify that you are aware of the recycle materials, goods, and supplies program requirements of California Public Contract Code Sections 12200, 12205, and 12161, and that the recycle content certification will be required for the successful contractor. The awarded bidder will be required to complete a Recycle Content Certification Form (ADM-2038) and provide the form with the signed agreement. An incomplete form or failure to provide a completed form will result in cancellation of the contract.

7. Contractor License

Bidder must have, at time of bid submittal and for the duration of the contract, a valid, current Class A or C-10 license issued by the California Contractor's State License Board, for the type of work to be performed. Bidder shall obtain, pay for and maintain, in good standing, all necessary licenses and permits to accomplish the work. Bidders will be considered non-responsive unless proper licensing requirements are met. An invalid license will result in rejection of the bid. Positive verification of a valid license issued by the California Contractor's State License Board will be performed by Caltrans (reference B&PC 7028.15).

8. Bonds

If the successful bidder's bid exceeds \$5,000, bidder will be required to provide at the time of award a payment bond issued by a company authorized by the California Insurance Commissioner to transact surety business in California (an admitted surety insurer). The payment bond must be written for 100% of the total amount of the Agreement.

9. Insurance

Insurance is required in this Agreement. The bidder who receives the award, must provide a certificate of Insurance providing proof of insurance to the DPAC within ten (10) working days from the date of notification of award. The State's Office of Risk and Insurance Management will review insurance certificates and/or proof of self-insurance documentation before execution of the Agreement. Refer to the Proposed Form of Agreement, **Attachment 6, Exhibit E** for specific Insurance requirements.

10. Bid Submittal

- a) **All bids must** be submitted in a **sealed envelope** and received by the Department of Transportation, Contract's Office by dates and times shown in Section C, Bid Requirements and Information, **Item 1) Time Schedule**. The sealed envelope must be clearly marked with the IFB number and title; must show your firm name and address, and must be marked with "BID SUBMITTAL - DO NOT OPEN", as shown in the following example:

IFB Number:05A0838

IFB Name: Restore Induction Loops

Firm Name:

Firm Address:

BID SUBMITTAL - DO NOT OPEN

- b) Bids not submitted in a clearly labeled sealed envelope may be rejected. A complete bid package (originals only) must be submitted. **Late bids will not be considered.**
- c) All bids shall include the documents identified in this IFB's **Attachment 5, Required Attachment Check List**. Bids not including the proper "required attachments" shall be deemed non-responsive. A non-responsive bid is one that does not meet the basic bid requirements.
- d) Only an individual who is authorized to bind the proposing firm contractually shall sign all documents requiring a signature, and each must bear an original signature.
- e) Mail or deliver bids to the following address:
U.S. Postal Service Deliveries (UPS, Express Mail, Federal Express) or *Hand Deliveries

Department of Transportation, MS 67
Division of Procurement and Contracts
1727 – 30th Street
Sacramento, CA 95816

* If your bid is hand delivered, you must date and time stamp the sealed envelope/package immediately upon arrival. The date/time stamp machine is located in the lobby of the first floor to the right of the security guard station at the address noted above. After date/time stamping, bids should be placed in the locked bid cabinet located below the time stamp. If the bid package is too large to be electronically stamped, date/time stamp one of the labels provided and attach it to the proposal package. When the bid package is too large for the locked bid cabinet, ask the security guard to call the Contracts' reception desk at 227-6000 to have your bid package picked up by Contracts' staff.

- f) Bid opening will be held at the above address at **2:30 PM** on the date stated in Section C - Bid Requirements and Information, 1 - Time Schedule.
- g) Bids must include the performance of all the services described herein. Any deviation from the work specifications will not be considered and will cause a bid to be rejected.
- h) A bid may be rejected if it is conditional or incomplete, or if it contains any alterations of form or other irregularities of any kind. The State may reject any or all bids and may waive any immaterial deviation in a bid. The State's waiver of immaterial defect shall in no way modify the IFB document or excuse the bidder from full compliance with all requirements, if awarded the agreement.
- i) Costs for developing bids and in anticipation of award of the contract are entirely the responsibility of the bidder and shall not be charged to the State.

- j) Only an individual who is authorized to bind the bidding firm contractually shall sign the attached Bid/Bidder Certification Sheet, **Attachment 4**. The signature must indicate the title or position that the individual holds in the firm. **An unsigned bid shall be rejected.**
- k) A bidder may modify a bid after its submission by withdrawing its original bid and resubmitting a new bid prior to the bid submittal deadline. Bidder modifications offered in any other manner, oral or written, will not be considered.
- l) A bidder may withdraw the bid by submitting a written withdrawal request to the State, signed by the bidder or an agent authorized in accordance with section h above. A bidder may thereafter submit a new bid prior to the bid submittal deadline. Bids may not be withdrawn without cause subsequent to bid submittal deadline.
- m) The State may modify the IFB prior to the date fixed for submission of bids by the issuance of an addendum to all parties who received a bid package.
- n) The State reserves the right to reject any or all bids.
- o) Bidders are cautioned to not rely on the State during the evaluation to discover and report to the bidder any defects and errors in the submitted documents. Before submitting their documents, bidders should carefully proof them for errors and adherence to the IFB requirements.
- p) Where applicable, bidder should carefully examine work sites and specifications. Bidder shall investigate conditions, character, and quality of surface or subsurface materials or obstacles that might be encountered. No additions or increases to the contract amount will be made due to a lack of careful examination of work sites and specifications.

11. Evaluation and Selection

- a) At the time of bid opening, each bid will be checked for the presence or absence of required information in conformance with the submission requirements of this IFB.
- b) The State will put each bid through an evaluation process to determine its responsiveness to the State's needs.
- c) Bids that contain false or misleading statements, or which provide references, which do not support an attribute or condition claimed by the bidder, may be rejected. If, in the opinion of the State, such information was intended to mislead the State in its evaluation of the bid, and the attribute, condition, or capability is a requirement of this IFB, it will be the basis for rejection of the bid.

- d) The final selection will be made on the basis of the lowest responsible bid. The award of the contract, if awarded, will be to the lowest responsible bidder whose proposal complies with all of the requirements. In the event of a tie bid, the State will draw lots to determine the successful contractor. Only one proposal or bid may be submitted by an entity: individual, firm, partnership, corporation, joint venture or combination thereof. Receipt of more than one bid from an entity will result in all bids from that entity being rejected and returned to the bidder.

12. Award and Protest

- a) Whenever a contract is awarded under a procedure that provides for competitive bidding, but the contract is not to be awarded to the low Bidder, the low Bidder shall be notified by telegram, electronic facsimile transmission, overnight courier, or personal delivery five (5) working days prior to the award of the contract.
- b) Upon written request by any bidder, notice of the proposed award shall be posted in a public place in the office of the awarding agency at least five (5) working days prior to awarding the contract.
- c) Grounds for Filing a Protest: After the issuance of the applicable contract award notices as specified in this IFB, the right to protest the proposed award of a contract is afforded any bidder who claims he/she should have been awarded the agreement because he/she was the lowest responsible bidder meeting the specifications. The protest must be submitted to the Department of Transportation prior to the award of contract. In such case, the contract shall not be awarded until either the protest has been withdrawn or the Department of General Services has decided the matter.
- d) Filing an Initial Protest: Within five (5) days after filing the initial protest, the protesting bidder shall file with the Department of General Services and the Department of Transportation a full and complete written statement specifying the grounds for the protest. The written protest must be sent to the addresses below:

Department of Transportation Division of Procurement & Contracts, MS 67 Attention: A.C. Lichtman, Protest and Dispute Manager 1727 30 th Street Sacramento, CA 95816 Phone Number: (916) 227-6084 Fax Number: (916) 227-6155	Department of General Services Office of Legal Services Attention: Protest Coordinator 707 Third Street, 7 th Floor West Sacramento, CA 95605 Phone Number: (916) 376-5080 Fax Number: (916) 376-5088
--	--

It is suggested that you submit any protest by certified or registered mail.

- e) Upon award of the contract, contractor must complete and submit to the Department of Transportation the Payee Data Record (STD 204), to determine if the contractor is subject to state income tax withholding pursuant to California Revenue and Taxation Code §18662 and §26131. This form can be found on the Internet at www.osp.dgs.ca.gov under the heading STANDARD FORMS. No payment shall be made unless a completed STD 204 has been returned to the Department of Transportation.
- f) Prior to the award of the contract, the awarded bidder(s) must sign and submit to the Department of Transportation, page one (1) of the Contractor Certification Clauses (CCC), **Attachment 2**, or this form can be obtained via the Internet at www.dgs.ca.gov/contracts. Bidder may also, as an option, submit with bid package.

13. Standard Conditions of Service

- a) Service shall not begin prior than the express date set by the Department of Transportation and the contractor, after all approvals have been obtained, and the agreement is fully executed. Should the contractor fail to commence work at the agreed upon time, the Department of Transportation, upon five (5) days written notice to the contractor, reserves the right to terminate the agreement. In addition, the contractor shall be liable to the State for the difference between contractor's bid price and the actual cost of performing work by the second lowest Bidder or by another contractor.
- b) All performance under the contract shall be completed on or before the termination date of the contract.
- c) The State does not accept alternate contract language from a bidder. A bid with such language will be considered a counter proposal and will be rejected. **The State's General Terms and Conditions (GTC) are not negotiable.** The **GTC 304** may be viewed at Internet site www.dgs.ca.gov/contracts.
- d) The bidder declares that the only persons or parties interested in this bid proposal as principals are those named herein; that this bid proposal is made without collusion with any other person, firm or corporation; and the bidder has carefully examined the Invitation for Bid (IFB), the Proposed Form of Agreement, and the special provisions herein referred to, and proposes and agrees, if this proposal is accepted, that the bidder will contract with the State to provide all necessary labor, materials, tools or equipment in the time and manner specified.
- e) The bid of any bidder who is currently in default with the Department of Transportation on a contract already awarded may be accepted; however, bidder understands that any costs associated with the default will be paid prior to award or deducted from the proceeds of any newly awarded contract.

- f) If the bidder is awarded the contract and refuses to sign the contract presented for signature within the time and manner required, the bidder will be liable to the Department of Transportation for actual damages resulting to the Department therefrom or 10% of the amount bid, whichever is less and bidder will be placed on a default status. Default is defined as (1) being within a period of liquidated damages on uncompleted work, or (2) under notice to begin or complete a contract where work has not commenced or was suspended without cause, or (3) where contract is terminated for contractor failing to perform services required by the contract in a satisfactory manner.
- g) After award of the contract and execution of the contract, should the contractor fail to commence work within five (5) working days after notification of the starting date, or suspend work for a period of five (5) continuous working days after work has begun, the State may provide five (5) calendar days written notice, posted at the job site or mailed to the contractor, to timely prosecute and complete the work or the contract may be terminated and liquidated damages of \$500.00 assessed for administrative costs for re-bidding the work or awarding the work to another contractor. In addition, that contractor shall be liable to the State for the difference between the contractor's bid price and the actual cost of performing the work by the second low bidder or by another contractor.
- h) No oral understanding or agreement shall be binding on either party.

D) Preference Programs

The following Preference Programs are applicable to this IFB.

1. Small Business or Microbusiness Preference

If prospective Contractor is claiming the 5% certified Small Business or microbusiness preference, complete Section 16, Attachment 4 (Bid/Bidder Certification Sheet) and attach a copy of your certification.

Additional References: <http://www.pd.dgs.ca.gov>

Section 14835, et seq. of the California Government Code requires that a five-percent preference be given to contractors who qualify as a certified small business or microbusiness. The rules and regulations of this law, including the definition of a small business for the delivery of services, are contained in Title 2, California Code of Regulations, Section 1896, et seq. A copy of the regulations is available upon request. To claim the small business or microbusiness preference, which may not exceed \$50,000 for any bid, your firm must have its principal place of business located in California and be certified by the State Office of Small Business Certification and Resources. Questions regarding the certification approval

process should be directed to that office at (800) 559-5529 or (916) 375-4940. For the 24-Hour Recording & Mail Request call (916) 322-5060.

2. Disabled Veteran Business Enterprises (DVBE)

The goal is 3%. See Attachment 3 to complete the required forms and for further detailed information concerning DVBE requirements; complete Section 16, **Attachment 4** (Bid/Bidder Certification Sheet); and, attach a copy of your certification. This project is subject to Public Contract Code 10115, et seq. which requires State funded contracts to have a participation goals of 3% for DVBE, expressed as percentages of the total dollar value of the contract for DVBEs participating in this contract. These goals apply to the overall contract dollar amount expended each year by the Department of Transportation. Failure to provide detailed cost breakdowns and any required DVBE information in the Cost Proposal **will be cause for rejection** of the proposal. **The requirement to advertise for the purpose of identifying potential DVBEs is waived for this Invitation for Bid.**

CONTRACTOR CERTIFICATION CLAUSES

1. STATEMENT OF COMPLIANCE: Contractor has, unless exempted, complied with the nondiscrimination program requirements. (GC 12990 (a-f) and CCR, Title 2, Section 8103) (Not applicable to public entities.)

2. DRUG-FREE WORKPLACE REQUIREMENTS: Contractor will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:

a. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.

b. Establish a Drug-Free Awareness Program to inform employees about:

- 1) the dangers of drug abuse in the workplace;
- 2) the person's or organization's policy of maintaining a drug-free workplace;
- 3) any available counseling, rehabilitation and employee assistance programs; and,
- 4) penalties that may be imposed upon employees for drug abuse violations.

c. Every employee who works on the proposed Agreement will:

- 1) receive a copy of the company's drug-free workplace policy statement; and,
- 2) agree to abide by the terms of the company's statement as a condition of employment on the Agreement.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and Contractor may be ineligible for award of any future State agreements if the department determines that any of the following has occurred: the Contractor has made false certification, or violated the certification by failing to carry out the requirements as noted above. (GC 8350 et seq.)

3. NATIONAL LABOR RELATIONS BOARD CERTIFICATION: Contractor certifies that no more than one (1) final unappealable finding of contempt of court by a Federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a Federal court, which orders Contractor to comply with an order of the National Labor Relations Board. (PCC 10296) (Not applicable to public entities.)

4. UNION ORGANIZING: Contractor hereby certifies that no request for reimbursement, or payment under this agreement, will seek reimbursement for costs incurred to assist, promote or deter union organizing. (GC 16645-16649)

5. CONTRACTS FOR LEGAL SERVICES \$50,000 OR MORE- PRO BONO REQUIREMENT: Contractor hereby certifies that contractor will comply with the requirements of Section 6072 of the Business and Professions Code, effective January 1, 2003.

Contractor agrees to make a good faith effort to provide a minimum number of hours of pro bono legal services during each year of the contract equal to the lessor of 30 multiplied by the number of full time attorneys in the firm's offices in the State, with the number of hours prorated on an actual day basis for any contract period of less than a full year or 10% of its contract with the State.

Failure to make a good faith effort may be cause for non-renewal of a state contract for legal services, and may be taken into account when determining the award of future contracts with the State for legal services.

6. EXPATRIATE CORPORATIONS: Contractor hereby declares that it is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California.

7. SWEATFREE CODE OF CONDUCT:

a. For all contracts, Contractor hereby certifies that it will comply with the Sweatfree Code of Conduct as set forth on the California Department of Industrial Relations website located at www.dir.ca.gov, and with all other requirements of Public Contract Code Section 6108.

b. Contractor hereby certifies that no apparel, garments or corresponding accessories or equipment, material and supplies to be laundered, furnished or produced in whole or in part pursuant to this contract, are the result of sweatshop labor, forced labor or convict labor per Public Contract Code Section 6108.

8. DOMESTIC PARTNERS: Commencing on July 1, 2004 Contractor certifies that it is in compliance with Public Contract Code Section 10295.1 with regard to benefits for domestic partners. For any contracts executed or amended, bid packages advertised or made available, or sealed bids received on or after July 1 2004 and prior to January 1, 2007, a contractor may require an employee to pay the costs of providing additional benefits that are offered to comply with PCC 10295.1.

DOING BUSINESS WITH THE STATE OF CALIFORNIA

The following laws apply to persons or entities doing business with the State of California.

1. CONFLICT OF INTEREST: Contractor needs to be aware of the following provisions regarding current or former state employees. If Contractor has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

Current State Employees (PCC 10410):

- 1). No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.
- 2). No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (PCC 10411):

- 1). For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.
- 2). For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (PCC 10420)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (PCC 10430 (e))

2. LABOR CODE/WORKERS' COMPENSATION: Contractor needs to be aware of the provisions which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions, and Contractor affirms to comply with such provisions before commencing the performance of the work of this Agreement. (Labor Code Section 3700)

3. AMERICANS WITH DISABILITIES ACT: Contractor assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. 12101 et seq.)

4. CONTRACTOR NAME CHANGE: An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

5. CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

- a. When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the contractor is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.
- b. "Doing business" is defined in R&TC Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the state not be subject to the franchise tax.
- c. Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. Agencies will determine whether a corporation is in good standing by calling the Office of the Secretary of State.

6. RESOLUTION: A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the agreement.

7. AIR OR WATER POLLUTION VIOLATION: Under the State laws, the Contractor shall not be: (1) in violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district; (2) subject to cease and desist order not subject to review issued pursuant to Section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

8. PAYEE DATA RECORD FORM STD. 204: This form must be completed by all contractors that are not another state agency or other government entity.

Completion Instructions for Bid/Bidder Certification Sheet

Complete the numbered items on the
Bid/Bidder Certification Sheet by following the instructions below.

Item Numbers	Instructions
1, 2, 2a, 3	Must be completed. These items are self-explanatory.
4	Check if your firm is a sole proprietorship. A sole proprietorship is a form of business in which one person owns all the assets of the business in contrast to a partnership and corporation. The sole proprietor is solely liable for all the debts of the business.
5	Check if your firm is a partnership. A partnership is a voluntary agreement between two or more competent persons to place their money, effects, labor, and skill, or some or all of them in lawful commerce or business, with the understanding that there shall be a proportional sharing of the profits and losses between them. An association of two or more persons to carry on, as co-owners, a business for profit.
6	Check if your firm is a corporation. A corporation is an artificial person or legal entity created by or under the authority of the laws of a state or nation, composed, in some rare instances, of a single person and his successors, being the incumbents of a particular office, but ordinarily consisting of an association of numerous individuals.
7	Enter your federal employee tax identification number.
8	Enter your corporation number assigned by the California Secretary of State's Office. This information is used for checking if a corporation is in good standing and qualified to conduct business in California.
9	Complete if your firm holds a California contractor's license. This information will be used to verify possession of a contractor's license for public works agreements.
10	Complete if your firm holds a PUC license. This information will be used to verify possession of a PUC license for public works agreements.
11	Complete, if applicable, by indicating the type of license and/or certification that your firm possesses and that is required for the type of services being procured.
12, 13, 14, 15	Must be completed. These items are self-explanatory.
16	If certified as a Small Business Enterprise, place a check in the "yes" box, and enter your certification number on the line. If certified as a Disabled Veterans Business Enterprise, place a check in the "Yes" box and enter your service code on the line. If you are not certified to one or both, place a check in the "No" box. If your certification is pending, enter the date your application was submitted to OSBCR.

Note to Contractors:

The following pages represent a sample of the Proposed Form of Agreement that is intended to be awarded from this IFB. Please review it carefully and present any questions in writing (as instructed in this solicitation) to the contact person identified for this IFB.

**CALIFORNIA DISABLED VETERAN BUSINESS ENTERPRISE (DVBE)
PARTICIPATION REQUIREMENTS**

(Revision Date 02/02/2004)

Please read the requirements and instructions carefully before you begin.

AUTHORITY. The Disabled Veteran Business Enterprise (DVBE) Participation Goal Program for state Agreements is established in Public Contract Code (PCC), §10115 et seq., Military and Veterans Code (MVC), §999 et seq., and California Code of Regulations (CCR), Title 2, §1896.60 et seq.

The **minimum DVBE participation percentage is 3% for this solicitation.**

INTRODUCTION. The bidder/proposer must complete and document at least one of the options (A, B or C) in this document to comply with this solicitation's DVBE program requirements. Bids or proposals (hereafter called "bids") that **fail to fully document one of the DVBE program requirement options shall be considered non-responsive and ineligible for award.**

All information submitted by the bidder/proposer to comply with this solicitation's DVBE requirements will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation, with this information, in accordance with the requirements of the PCC §10115, et seq., and MVC §999 et seq., and follow the investigatory procedures required by the CCR §1896.80. Contractors found to be in violation of certain provisions may be subject to loss of certification, penalties and contract cancellation.

Only State of California, Office of Small Business and DVBE Certification, certified DVBEs who are domiciled in the State of California and who perform a commercially useful function relevant to this solicitation, may be used to satisfy the DVBE program requirements. Effective January 1, 2004, the certified DVBE companies must perform a **commercially useful function** to be eligible for award. The criteria and definition for performing a "**Commercially Useful Function**" are contained on page 6, entitled **Resources & Information**. Bidders and proposers are encouraged to verify each DVBE subcontractor's/supplier's certification with the Office of Small Business and DVBE Certification Section to ensure DVBE eligibility.

NOTE: A common error bidders/proposers make is to state that no subcontractors are needed and goals are not applicable offering that all the work can be done by the bidder/proposer with its own resources. Bidder/proposers are warned that this is **not** an option if your bid is to be deemed responsive.

PLEASE READ ALL INSTRUCTIONS CAREFULLY. These instructions contain information about the DVBE program requirements, bidder/proposer responsibilities, and requirements for performing and documenting each of the three available options (Option A, Option B, or Option C) as detailed below. Bidder/proposers are responsible for thorough review and compliance with these instructions. Complete and document your option selection on the attached form, STD. 840, Documentation of Disabled Veteran Business Enterprise Program Requirements.

NOTE: The attached STD. 840 form replaces the previously used form ADM-227S.

To meet the DVBE program requirements, bidder/proposer must complete and fully document at least one of the following compliance options:

Option A - Commitment to full DVBE participation - For a bidder/proposer who is a DVBE or who is able to meet the commitment to use certified DVBE(s) to fulfill the full DVBE participation goal.

Option B - Good Faith Effort - For a bidder/proposer documenting its completed effort, made prior to the bid due date, to obtain DVBE participation that may result in partial or no DVBE participation.

Option C - Business Utilization Plan - For a bidder/proposer using an annual plan (subject to approval) to satisfy DVBE participation requirements. Applies only to solicitations for goods and Information Technology.

OPTION A – COMMITMENT -- Commit to meet or exceed the DVBE participation requirement in this solicitation by either Method A1 or A2. Bidder/proposer must document DVBE participation commitment by completing and submitting the attached STD. 840. Failure to complete and submit STD. 840 (Page 1) as instructed shall render your bid non-responsive in which case the **bid will be rejected**.

Prior to the award of the Agreement, the bidder/proposer must provide a written confirmation from each DVBE that it is participating in the Agreement as provided in the bidder/proposer's STD. 840 (i.e. DVBE's bid/proposal/quote is acceptable). The written confirmation will include the DVBE scope of work, work to be performed by the DVBE, term of intended subcontract with the DVBE, anticipated dates the DVBE will perform required work, rate and conditions of payment, and total amount to be paid to the DVBE. The written confirmations are to be attached to the STD. 840. If further verification is necessary, the state will obtain additional information to verify the above requirements.

Method A1. Certified DVBE bidder/proposer:

- a. Commit to performing at least 3% of the Agreement's bid amount with your firm or in combination with another DVBE(s).
- b. Document DVBE participation on STD. 840 (Page 1) and attach a copy of all applicable certifications.
- c. A DVBE bidder/proposer working in combination with other DVBEs shall submit proof of its commitment by submitting a written confirmation of the DVBE(s) identified in its bid on the STD. 840. Failure to submit the written confirmation as specified will be grounds for bid rejection.

Method A2. Non-DVBE bidder/proposer:

- a. Commit to using certified DVBE(s) for at least 3% of the bid amount.
- b. When a bidder/proposer commits to less than the required 3% DVBE participation or its commitment may fall below 3%, then Option B, Good Faith Effort must be completed in addition to Option A, Commitment.
- c. Document DVBE participation on STD. 840 (Page 1) and attach a copy of each DVBE's certification.
- d. Prior to Agreement award, a bidder/proposer is to submit proof of their commitment by submitting a written confirmation of each DVBE identified in its' bid's STD. 840. The Department of Transportation official will contact each listed DVBE, by mail, fax or telephone, for verification of the bidder/proposer's submitted DVBE information. Failure to submit the written confirmation as specified will be grounds for bid rejection.

OPTION B – GOOD FAITH EFFORT (GFE) performance and documentation requirements must be completely satisfied **prior to bid submission** if you are unable to obtain and commit to the full DVBE participation percentage goal (Option A) and do not exercise Option C. Perform and document the following Steps 1 through 5 on both pages of the attached STD. 840 form. Failure to perform and document GFE Steps 1 through 5 as instructed, which includes properly completing and submitting both pages of STD. 840, shall result in your bid being deemed non-responsive in which case the bid will be rejected. Step 3, Advertisement, is required unless specifically waived by the Department for this solicitation due to imposed time limits.

Step 1: Awarding Department (PCC §10115.2[b][1])

Contact the Department of Transportation, Civil Rights, Business Enterprise Program (BEP) by accessing its' web site at <http://www.dot.ca.gov/hq/bep> for assistance in identifying DVBEs. You may also fax your request for assistance to Civil Rights, at (916) 324-8760, or you may contact the Department's DVBE Specialist at (916) 324-8384. You may document this contact and describe the results on STD. 840 (Page 2). Be sure to include a copy of your dated response or BEP web page in your Good Faith Effort documentation to show compliance with Step 1.

Step 2: Other State and Federal Agencies, and Local Organizations (PCC §10115.2[b][2])

STATE: Contact the Department of General Services, Procurement Division (DGS-PD), Office of Small Business and DVBE Certification (OSDC), to obtain a list of certified DVBEs by telephone at (916) 322-5060 for the 24-hour automated telephone system or (916) 375-4940 for the receptionist during normal business hours. This information can also be obtained by searching the online database at <http://www.pd.dgs.ca.gov/smbus>. Begin by selecting Certified Firm Inquiry Services and then search by using either the Keyword Search or the Standard Query options. You must fully document this contact and describe the results on STD. 840 (Page 2). Attach the results (screen print) of the "Certified Firm Listing", the "Certified Firm Detailed Information" page(s), or the cover page of the "Directory of Certified DVBEs" to document your contact with DGS.

FEDERAL: Search the Central Contractor Registration (CCR) on-line database (previously Pro-Net) at <http://www.ccr.gov/> to identify potential DVBEs and click on the "Dynamic Small Business Search" button. All of the search options and information that existed in PRO-Net will now be found at the CCR Dynamic Small Business Search site. First time users should click on the "help" button for detailed instructions. You must fully document this contact and describe the results on STD. 840 (Page 2). Attach the results (screen print) of the Web search page, and any other documents to document your contact with the Small Business Administration (SBA).

LOCAL: Contact at least one local DVBE organization to identify DVBEs. For a list of local DVBE organizations, please refer to the DVBE Resource Packet that may be accessed online (<http://www.pd.dgs.ca.gov/smbus> - select "DVBE Resource Packet") or obtain a hardcopy by requesting it from DGS-PD Office of Small Business and DVBE Outreach and Education (see the Resources & Information page). You must fully document your contact with local DVBE organizations and describe the results on STD. 840 (Page 2). Attach documents to support your contacts with the local organizations, indicating the date of contact, the nature of the request, and the results of the contacts. (Letters, emails, fax transmittals along with proof of submittals, are acceptable.)

Step 3: Advertisements (PCC §10115.2[b][3])

Advertisements are mandatory unless waived by the Department of Transportation.

☐ **The requirement to advertise for the purpose of identifying potential DVBEs is waived.**

CONTENT REQUIREMENTS: Include all of the following in your advertisement(s): (1) company name; (2) contact name; (3) complete address; (4) telephone and facsimile numbers (if applicable); (5) e-mail address (if applicable); (6) the state's solicitation number; (7) description of goods and/or services for which the state is soliciting; (8) the location(s) of work to be performed; (9) the State's bid due date; (10) and your due date for receiving DVBE responses.

HOW MANY & WHERE TO PUBLISH: Bidder/proposers must publish at a minimum, two (2) ads: one (1) each in a trade paper and a DVBE focus paper unless the paper has a dual purpose (fulfilling both trade and focus requirements as defined in CCR, Title 2, section 1896.61(k)), in which case one (1) ad is acceptable in lieu of the two mentioned above. Please see the DVBE Resource Packet for a list of acceptable publications.

WHEN: Pursuant to CCR section 1896.63(2), advertisements must be published after the solicitation's release date and at least 14 days prior to the bid due date, unless a different time period is expressly established in this solicitation.

DOCUMENT & SUBMIT: On STD. 840 (Page 2), document the publication name(s) in which you published advertisement(s), the contact name and phone number, and date of publication. Include a copy of the advertisement(s) and copy of the publication affidavit(s) with your bid/proposal.

Step 4: Invitations to Participate (PCC §10115.2[b][4])

WHO: Invite (solicit) DVBEs who can provide relevant goods and/or services to this solicitation to subcontract with you. Conducting Steps 1 through 3 produces a list of DVBEs from which you choose potential DVBEs subcontractors/suppliers to contact. Bidder/proposers are advised to contact as many DVBEs (who provide relevant goods and/or services in the applicable location(s)) as possible. **Non-California-certified DVBEs are not eligible** -- please refer those DVBEs to the OSDC to learn about certification (see the Resources & Information page for contact information).

FOR WHAT: Solicit DVBEs for goods and/or services relevant to the Department's solicitation. This allows DVBEs to respond whether they can or cannot provide any goods or services related to the solicitation, and provides a bidder/proposer with responses for consideration. The State encourages bidder/proposers to avoid making a predetermination that no DVBEs are able to perform or no portions of the work can be subcontracted, without first contacting and soliciting participation from them.

HOW TO INVITE & CONTENT REQUIREMENTS: **Written invitations are required.** At a minimum, invitations must contain all of the following: (1) company name; (2) contact name; (3) complete address; (4) telephone and facsimile numbers (if applicable); (5) e-mail address (if applicable); (6) the state's solicitation number; (7) description of goods and/or services for which the state is soliciting; (8) the location(s) of work to be performed; (9) the State's bid due date; (10) and your due date for receiving DVBE responses.

WHEN: Provide DVBEs with a reasonable time period to receive and respond to your invitation, and to be considered by you for participation as described in Section b (below), prior to your bid/proposal submission.

DOCUMENT & SUBMIT: Bidder/proposers must document the completed contacts on STD. 840 (Page 1), Section A. Attach additional copies of STD. 840A as necessary to list your DVBE contacts. You are required to attach a copy of: (1) each invitation or offer sent by mail, fax or e-mail; and (2) confirmation of transmittal or delivery. Your bid/proposal shall be considered non-responsive if it fails to include copies of the written invitations and delivery confirmations.

Step 5: Consider all responding DVBEs for Agreement participation.

CCR §1896.61 (d) "The term 'considered' as used in section 10115.2(b)(5) of the Public Contract Code means that the bidder made a bona fide effort to carry out all actions with regard to DVBEs specified in section 10115.2(b)(1-5)(except section 10115.2(b)(3) of the Public Contract Code when the awarding department has waived the advertising requirements of section 10115.2(b)(3) of the Public Contract Code in the solicitation), and reviewed DVBE responses and carefully evaluated and documented the reasons for not selecting such potential subcontractors. The bidder must consider all responding subcontractors for a specified service based upon the same information and evaluation criteria."

Consideration must be based on business needs for this Agreement and the same evaluation criteria must be applied to each potential DVBE subcontractor/supplier offering the same goods and services. You must document using STD. 840 (Page 1), Section A, any firm(s) selected for participation; or, if not selected, the reason for non-selection. Attach additional copies of STD. 840A as necessary to list all of your DVBE contacts.

OPTION C – THE DVBE BUSINESS UTILIZATION PLAN (BUP) option permits bidder/proposers to submit an approved DVBE BUP to satisfy DVBE participation solicitation requirements up to 3%. **DVBE BUPs apply only to solicitations for goods and Information Technology (IT) goods and services.** DVBE BUPs are a company's commitment to expend a minimum of 3% of its total statewide Agreement dollars with DVBEs -- this percentage is based on all of its Agreements in the State, not just those with the State. DVBE BUPs must be submitted to and approved by the DGS-PD prior to the bid due date. Please call the DGS-PD, Office of Small Business and DVBE Outreach and Education for assistance. Bidder/proposers choosing this option must properly complete and submit STD. 840 (Page 1) and include a copy of its approval letter with the bid; failure to submit these documents shall render your bid non-responsive, in which case the bid will be rejected.

RESOURCES AND INFORMATION

For assistance in preparing a responsive participation document, **contact the Department of Transportation contracting official.** In accordance with Public Contract Code Section 10115.2(b)(3), bidder/proposers must advertise in trade and focus publications unless the requirement is waived. The Department of General Services, Procurement Division (DGS-PD) publishes a list of trade and focus publications to assist bidder/proposers in meeting these Agreement requirements. To obtain this list, please contact the DGS-PD Office of Small Business and DVBE Outreach and Education and request the "DVBE Resource Packet."

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l): The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of Section 1896.61(f); is certified in accordance with Section 1896.70; and provides services or goods that contribute to the fulfillment of the Agreement requirements by performing a commercially useful function.

As defined in MVC §999, a person or an entity is deemed to perform a "commercially useful function" if a person or entity does **all** of the following:

- Is responsible for the execution of a distinct element of the work of the contract.
- Carries out the obligation by actually performing, managing, or supervising the work involved.
- Performs work that is normal for its business services and functions.
- Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of disabled veteran business enterprise participation.

Substitution of Proposed DVBE

After Agreement award, the successful Contractor must use the DVBE or non-DVBE Subcontractors and/or Suppliers contained in the solicitation response to the State, unless a substitution has been pre-approved in writing by the Department of Transportation's (Department) Contract Manager. No substitutions are to be made without receipt of prior written approval from the Department's Contract Manager. Failure to obtain approval of substitute Contractors before work is performed, supplies are delivered or services are rendered may result in payment being denied by the Department.

At a minimum, the Contractor's substitution request must include

- a) a written explanation of the substitution reason; and if applicable, the Contractor must also include the reason a non-DVBE Subcontractor is proposed for use.
- b) a written description of the substitute business enterprise, include their business status as a:
 - sole proprietorship, partnership, corporation or other entity, and
 - the firm's DVBE certification status, if any.
- c) a written notice detailing a clearly defined portion of the work identified both as a task and as a percentage share/dollar amount of the overall Agreement that the substitute firm will perform.

Prior to the approval of the prime Contractor's substitution request, the Department's Contract Manager must give written notice to Subcontractor being substituted by the prime Contractor. A copy of the notice sent by the Department's Contract Manager must be sent to the Department's Contracts Office. The notice must:

- a) give the reason the prime Contractor is requesting substitution of the listed Subcontractor;
- b) give the listed Subcontractor five working days to submit a written objection to the Department's Contracts Office and copies to the Department's Contract Manager;
- c) notify the Subcontractor that if a written objection is not received or received past the due date, such failure will constitute consent to the substitution; and
- d) the notice shall be served by certified or registered mail to the last known address of the listed Subcontractor.

If written objections are filed by the listed Contractor, the Department's Contract's Office, will render a written decision. The Department's Contracts Office shall give written notice of at least five working days to the listed Subcontractor of a hearing by the Department on the prime Contractor's request for substitution.

The Department may consent to the substitution of another Subcontractor in any of the following situations:

- When the Subcontractor listed in the solicitation bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written Agreement, when that written Agreement based upon the general terms, conditions, plans and specifications for the project involved or the terms of that Subcontractor's written bid is presented to the Subcontractor by the prime Contractor.
- When the listed Subcontractor becomes bankrupt or insolvent, or goes out of business.

- When the listed Subcontractor fails or refuses to perform his or her Subcontract.
- When the listed Subcontractor fails or refuses to meet the bond requirements of the prime Contractor.
- When the prime Contractor demonstrates to the Department, or its duly authorized Officer, that the name of the Subcontractor was listed as the result of an inadvertent clerical error.
- When the listed Subcontractor is not licensed pursuant to any applicable licensing requirement of any regulatory agency of the State of California.
- When the Department's or its duly authorized officer or the Department's Contract Manager determines that the work performed by the listed Subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, Agreement requirements or that the Subcontractor is substantially delaying or disrupting the progress of the work.

The request for substitution and the State's approval or disapproval is **not** to be construed as an excuse for non-compliance with any other provision of law, including but not limited to the Subletting and Subcontracting Fair Practices Act (PCC §4100 et seq.) or any other Agreement requirements relating to the substitution of Subcontractors.

Failure to adhere to the DVBE participation in the performance of the Agreement as proposed by the successful bidder/proposer may be cause for Agreement termination and recovery of damages under the rights and remedies due the State.

DVBE/Participation

For the purposes of this DVBE participation requirement, the following apply:

- a) A DVBE firm may participate as a prime Contractor, Joint Venture Partner, Subcontractor or Supplier of materials or supplies.
- b) Any bid amount proposed for DVBE participation can only be counted once. That is, any further Subcontracting or spending of DVBE designated bid amounts to another DVBE Subcontractor/Supplier will not count toward meeting the Agreement goal. Moreover, any part of a DVBE-designated bid amount for any other Subcontractor involved in the same bid (suppliers are acceptable) will not count toward meeting the Agreement goal.

Agreement Audits

Agreement audit requirements and record retention requirements are covered under provisions in the proposed form of Agreement.

Frequently Asked Questions:

Question If I am awarded the Agreement, either with partial or full goal attainment documented, am I required to use the subcontractor/supplier proposed in my bid?

Answer Yes, unless you have requested and received prior written approval in writing for substitution in writing from the Department Contract Manager.

Question What happens to bids considered non-responsive to the DVBE Participation Program requirements?

Answer Non-responsive bids are rejected. Many are rejected because of:

- incomplete documentation;
- documentation not received by the bid due date;
- mathematical error related to the percentages;
- basing goal attainment on workforce composition.

Question If I am a Disabled Veteran Business Enterprise, can I meet the Agreement goal as a single company?

Answer Yes.

Question If my submitted bid meets the Agreement goal and the State decides to make multiple awards to the bid/Agreement, could my bid be considered non-responsive?

Answer No, the State's decision to make multiple awards will not disregard bid compliance.

Question If I meet the goal, should I also complete and submit the Good Faith Effort Documentation form?

Answer Yes. If a DVBE listed for goal attainment is disqualified and the removal results in not meeting the advertised goal, failure to complete and provide the "good faith effort" documentation form will result in an automatic rejection of the bid. Some examples of disqualification are: (a) DVBE prime contractor was not certified by the solicitation due date; (b) a DVBE subcontractor was not certified by the solicitation due date; or (c) the bidder/proposer made a mathematical error resulting in failure to meet the goal.

Remember that only California certified DVBEs who can provide related goods and/or services may be used to satisfy these program solicitation requirements.

- ☐ **OPTION A – I commit to meeting the full DVBE Agreement participation requirement.** Complete STD. 840, Section A.
- ☐ **OPTION B – I performed and documented a Good Faith Effort (GFE) in an attempt to obtain DVBE participation.** Complete STD. 840, Section A (for GFE Steps 4 & 5) and STD. 840 (REVERSE), Section B (for GFE Steps 1–3).
- ☐ **OPTION C – I submit a copy of my firm's "Notice of Approved DVBE Business Utilization Plan."**

A. Full information must be provided.

For Agreement participation commitment, at least one DVBE must be listed. DVBEs must perform a commercially useful function. List the specific goods and/or services with the dollar and/or percentage value(s) that the DVBE(s) commit(s) to provide and the DVBE's tier (prime contractor = 0, subcontractor to prime contractor = 1, subcontractor to Tier 1 subcontractor = 2, etc.). If both the estimated dollar amount and percentage are listed, the higher value supercedes. Attach additional pages to list all other DVBE subcontractors/suppliers (you may use STD. 840A). During contract performance, all requests for substituting named DVBEs must be made in accordance with the provisions of California Code of Regulations, Title 2, Section 1896.64(c).

For Good Faith Effort (GFE), use this section to document your first completed contacts with (Step 4), and consideration of (Step 5), relevant DVBEs. Business reasons for non-selection must be documented. Attach additional pages to list all other DVBE contacts (you may use STD. 840A). Copies of all written invitations and delivery confirmations must also be attached and submitted with the bid/proposal.

4. Detailed description of work to be performed and duties of all parties:

- A. Contractor shall provide all labor, tools, materials, equipment, work signs, cones and/or traffic control equipment and incidentals required to saw cut and replace non-functioning traffic signals, traffic counts, ramp meters, incident and wrong way inductive loop detectors on an on-call, as-needed basis. Work locations are on various state highways within District 5, encompassing Santa Cruz, San Benito, and Monterey Counties. Work shall be performed on an as-needed basis at locations specified in each Task Order. Task Orders will be issued by the contract manager or his/her authorized representative.
- B. Full compensation for all labor, tools, materials, equipment and incidentals required to saw cut and replace non-functioning traffic signals, traffic counts, ramp meters, incident and wrong way detector loops on State highway right of way shall be considered as included in the contract price paid for each detector loop replaced.

EXHIBIT A
Standard Agreement

- C. Furnishing and installing work area traffic control devices, traffic control systems and flagging shall be considered in the contract price paid for traffic control per hour.
- D. All materials, workmanship and installation of detector loops shall comply with Section 86-5.01 of the State of California Standard Specifications dated July 1999. Installation procedures and configurations shall comply with ES-5A and ES-5B of the State of California Standard Plans, dated July 1999.
- E. All work will be inspected by the Contract Manager or the designated representative before payment will be made to the Contractor.
- F. The Contractor will be responsible for re-cutting existing loops and installing loop lead-in to the adjacent pull box, under the curb on the roadside through existing conduit.
- G. Where conduit is impassable, a minimum 1-1/2" conduit, PVC schedule 40, will be installed. Contractor shall bore under curb unless curb cutting is approved in advance by the Contract Manager.
- H. Inductive loop wire shall be Type 2E which shall conform to type 2 wire and shall have a minimum wall thickness in the outer jacket of 0.889 mm +/- 0.08 mm.
- I. Loop Sealant shall be Hot-Melt Rubberized Asphalt, which shall be in solid form at room temperature and fluid at an application temperature of 375 to 400 degrees Fahrenheit. Fumes from the material shall be non-toxic. Sealant shall be suitable for use in both asphalt concrete and Portland cement concrete.
- J. An authorized Caltrans representative will be present when loops are spliced or disturbed that affects the signal operation.
- K. Attention is directed to Section 1.6 (water pollution) of the Special Provisions.
- L. Attention is directed to the Manual of Traffic controls published by the State of California Department of Transportation. Nothing in this section is to be construed as to reduce the minimum standards in said manual.

EXHIBIT A
Standard Agreement

SPECIAL PROVISIONS

A. SECTION 1 - GENERAL

1.1 GENERAL

The State of California Department of Transportation Standard Plans and Specifications dated July 1999 are hereby incorporated into this contract and made a part thereof. All work accomplished shall be done in accordance with the State of California Department of Transportation Standard Plans and Specifications dated July 1999, these special provisions and the proposed form of contract. Any reference to "plans" or "Standard Plans" shall be interpreted as referring to these Standard Plans dated July 1999. Any reference to "specifications" or "Standard Specifications" shall be interpreted as referring to these Standard Specifications dated July 1999.

Any reference to 'the Engineer' in the Standard Specifications will be replaced with 'the Contract Manager' for the purposes of this contract.

No move-in/move-out will be paid on equipment. No per diem will be paid. No additional payment will be made for travel time to and from the job site.

No additional compensation will be allowed for specialized equipment.

Prescribed fire protection measures shall be followed as directed by the Contract Manager for work off the travel-way.

Contractor will work with Area supervisor to set up times and dates so lane closure requests can be processed. Contractor will fill out Task order and sign at completion and give to on site Caltrans representative.

All permits required by local ordinances are to be secured and paid for by the Contractor.

Working days shall be defined for each task order issued as the period of performance stated on each task order.

The Contractor shall respond for work within fourteen (14) days of receiving a Task Order, unless proof of delay in delivery of material from vendor, that is beyond the control of the Contractor, is provided. When material delay proven, start date will be negotiated with the Contract Manager.

EXHIBIT A Standard Agreement

1.2 AUTHORITY OF CONTRACT MANAGER

The Contract Manager shall decide all questions which may arise as to the quality or acceptability of materials furnished and work performed and as to the manner of performance and rate of progress of the work; all questions which may arise as to the interpretation of the plans and special provisions; all questions as to the acceptable fulfillment of the contract on the part of the Contractor; and all questions as to compensation. The Contract Manager's decision shall be final and he/she shall have authority to enforce and make effective such decisions and orders which the Contractor fails to carry out promptly.

References to the Contract Manager in these special provisions, shall refer to the Contract Manager, the designated Contract Administrator or their designated representatives. A list of these individuals will be provided to the Contractor upon approval of the contract.

If at any time the Contract Manager or the representative determine the Contractor's operation to be a problem for environmental or safety reasons, they may shut down the Contractor's operation until the problem is remedied. Additional working days will not be accessed for this reason.

Before starting work, the Contractor shall designate, in writing, an authorized representative who shall have the authority to represent and act in the Contractor's behalf. Said authorized representative shall be present at the work site at all times while work is actually in progress.

1.3 INSPECTION

The Contract Manager or the representative shall, at all times, have safe access to the work and shall be furnished with every reasonable facility for ascertaining that the materials and the workmanship are in accordance with the requirements and intentions of these special provisions. All work done and all materials furnished shall be subject to inspection.

The inspection of the work shall not relieve the Contractor of any of the obligations to fulfill the contract as prescribed. Work not meeting such requirements shall be made good and unsuitable work may be rejected notwithstanding that such work has been previously inspected by the Contract Manager.

If work is not accomplished within the prescribed time limits, the State may cause such work to be remedied, removed, or replaced, and deduct the costs from any monies due or to become due the Contractor.

EXHIBIT A Standard Agreement

1.4 SOUND CONTROL REQUIREMENTS

Sound control shall conform to Section 7-1.01I of the Standard Specifications and these special provisions.

The noise level from the Contractor's operations, between the hours of 9:00 p.m. and 6:00 a.m., shall not exceed 86 dbA at a distance of 50 feet. This requirement in no way relieves the Contractor from responsibility for complying with local ordinances regulating noise level.

1.5 AIR POLLUTION CONTROL

The Contractor shall comply with all air pollution control rules, regulations, ordinances and statutes which apply to any work performed pursuant to the contract, including any air pollution control rules, regulations, ordinances and statutes, specified in Section 11017 of the Government Code.

Unless otherwise provided in the special provisions, material to be disposed of shall not be burned, either inside or outside the highway right of way.

1.6 WATER POLLUTION

The Contractor shall exercise every reasonable precaution to protect streams, lakes, reservoirs, bays, and coastal waters from pollution with fuels, oils, bitumens, calcium chloride and other harmful materials and shall conduct and schedule the operations so as to avoid or minimize muddying and silting of said streams, lakes, reservoirs, bays and coastal waters. Care shall be exercised to preserve roadside vegetation beyond the limits of the work.

Water pollution control work is intended to provide prevention, control, and abatement of water pollution to streams, waterways, and other bodies of water, and shall consist of constructing those facilities which may be specified herein or directed by the Contract Manager.

The Contractor shall coordinate water pollution control work with all other work done on the contract.

If necessary, the Contractor shall submit, for acceptance by the Contract Manager, a program to control water pollution effectively during work. Details and requirements pertaining to water pollution control, and what an acceptable program entails shall be found in Section 7-1.01G of the Standard Specifications.

EXHIBIT A Standard Agreement

Nothing in the terms of the contract or in these special provisions shall relieve the Contractor of the responsibility for compliance with Sections 5650 and 12015 of the Fish and Game Code, or other applicable statutes relating to prevention or abatement of water pollution.

1.7 SAFETY AND HEALTH PROVISIONS

The Contractor shall conform to all applicable occupational safety and health standards, rules, regulations and orders established by the State of California.

All working areas utilized by the Contractor to perform work during the hours of darkness, shall be lighted to conform to the minimum illumination intensities established by California Division of Occupational Safety and Health Construction Safety Orders.

The Contractor shall provide all safety equipment, materials and training as required.

All lighting fixtures shall be mounted and directed in a manner precluding glare to approaching traffic.

1.8 PUBLIC CONVENIENCE

This section defines the Contractor's responsibility with regard to convenience of the public and public traffic in connection with the operations.

Attention is directed to the Section "Public Safety" for provisions relating to the Contractor's responsibility for the safety of the public. The requirements in "Public Safety" are in addition to the requirements of this section "Public Convenience" and the Contractor will not be relieved of responsibilities as set forth in said "Public Safety" by reason of conformance with any of the provisions in "Public Convenience".

The Contractor shall so conduct the operations as to offer the least possible obstruction and inconvenience to the public and shall have under work no greater length or amount of work than can be prosecuted properly with due regard to the rights of the public.

All public traffic shall be permitted to pass through the work with as little inconvenience and delay as possible.

Existing traffic signals and highway lighting shall be kept in operation for the benefit of the traveling public during progress of the work, and other forces will continue routine maintenance of existing systems.

EXHIBIT A Standard Agreement

Work shall be conducted in such a manner as to cause as little inconvenience as possible to abutting property owners.

Convenient access to driveways, houses, and buildings along the line of the work shall be maintained and temporary approaches to crossings or intersecting highways shall be provided and kept in good condition.

The Contractor may be required to cover certain signs, which regulate or direct public traffic to roadways that are not open to traffic. The Contract Manager will determine which signs shall be covered.

1.9 PUBLIC SAFETY

It is the Contractor's responsibility to provide for the safety of traffic and the public when working under this contract.

Attention is directed to "Responsibility for Damage" and "Public Convenience", for provisions relating to the Contractor's responsibility for providing for the convenience of the public in connection with the operations.

Signs, lights, flags, and other warning and safety devices and their use shall conform to the requirements set forth in the current Manual of Traffic Controls, hereby incorporated by reference. Signs or other protective devices furnished and erected by the Contractor at his/her expense, as above provided, shall not obscure the visibility of, nor conflict in intent, meaning and function of either existing signs, lights and traffic control devices or any construction area signs and traffic control devices. Signs furnished and erected by the Contractor at his/her expense shall be approved by the Contract Manager as to size, wording and location.

The installation of general roadway illumination shall not relieve the Contractor of responsibility for furnishing and maintaining any of the protective facilities herein before specified.

Equipment shall enter and leave the highway via existing ramps and crossovers and shall move in the direction of public traffic. All movements of workmen and equipment on or across lanes or ramps open to public traffic shall be performed in a manner that will not endanger public traffic.

The Contractor's trucks or other mobile equipment which leave a freeway lane, that is open to public traffic, to enter the work area, shall slow down gradually in advance of the location of the turnoff to give following public traffic an opportunity to slow down.

EXHIBIT A

Standard Agreement

When leaving a work area and entering a roadway carrying public traffic, the Contractor's equipment, whether empty or loaded, shall in all cases yield to public traffic.

No material or equipment shall be stored where it will interfere with the free and safe passage of public traffic, and at the end of each day's work and at other times when construction operations are suspended for any reason, the Contractor shall remove all equipment and other obstructions from that portion of the roadway open for use by public traffic.

Any tools, equipment, supplies or facilities, which the Contractor uses to perform the work, shall be removed from State right of way at the end of each day except as approved by the Contract Manager. No tools, equipment, supplies or facilities shall be installed or placed where they will interfere with the free and safe passage of public traffic.

Should the Contractor appear to be neglectful or negligent in furnishing warning devices and taking protective measures as above provided, the Contract Manager may direct attention to the existence of a hazard and the necessary warning devices shall be immediately furnished and installed and protective measures taken by the Contractor at his/her expense. Should the Contract Manager point out the inadequacy of warning devices and protective measures, such action on the part of the Contract Manager shall not relieve the Contractor from responsibility for public safety or abrogate the obligation to furnish and pay for these devices and measures.

1.10 PRESERVATION OF PROPERTY

Attention is directed to the Section called "Responsibility for Damage". Due care shall be exercised to avoid injury to existing highway improvements or facilities, utility facilities, adjacent property, and roadside trees, shrubs, and other plants that are not to be removed.

Roadside trees, shrubs, and other plants that are not to be removed, and pole lines, fences, signs, markers and monuments, buildings and structures, conduits, pipelines under or above ground, sewer and water lines, all highway facilities, and any other improvements or facilities within or adjacent to the highway shall be protected from injury or damage. If such objects are injured or damaged by reason of the Contractor's operations, they shall be replaced or restored, in kind, at the Contractor's expense. The facilities shall be replaced or restored to a condition as good as when the Contractor entered upon the work, or as good as required by these special provisions, if any such objects are a part of the work being performed under the contract. The Contract Manager may make or cause to be made such

EXHIBIT A Standard Agreement

temporary repairs as are necessary to restore to service any damaged highway facility. The cost of such repairs shall be borne by the Contractor and may be deducted from any monies due or to become due under the contract.

Contractor shall make all reasonable efforts to identify, preserve and protect native seedlings (especially oak trees), in vicinity of project during all work activities.

It shall be the Contractor's responsibility, pursuant thereto, to ascertain the location of overhead and underground improvements or facilities, which may be subject to, damage by reason of the operations.

1.11 COOPERATION

Should construction or other maintenance work be under way by other forces or by other contractors within or adjacent to the limits of the work specified or should work of any other nature be under way by other forces within or adjacent to said limits, the Contractor shall cooperate with all such other contractors or other forces to the end that any delay or hindrance to their work will be avoided. When 2 or more contractors are employed on related or adjacent work, each shall conduct the operations in such a manner as not to cause any unnecessary delay or hindrance to the other.

Each contractor shall be responsible to the other for all damage to work, to persons or property caused to the other by the operations, and for loss caused the other due to the unnecessary delays or failure to finish the work within the time specified for completion.

1.12 CHARACTER OF WORKPERSONS

If any subcontractor or person employed by the Contractor shall appear to the Contract Manager to be incompetent or to act in a disorderly or improper manner, the person shall be discharged immediately on the request of the Contract Manager, and such person shall not again be employed on the work.

1.13 ALTERNATIVE EQUIPMENT

While certain specifications may provide that equipment of a particular size and type is to be used to perform portions of the work, it is to be understood that the development and use of new or improved equipment is to be encouraged.

The Contractor may request, in writing, permission from the Contract Manager to use equipment of a different size or type in place of the equipment specified. The Contract Manager, before considering or granting such request, may require the

EXHIBIT A

Standard Agreement

Contractor to furnish, at his/her expense, evidence satisfactory to the Contract Manager that the equipment proposed for use by the Contractor is capable of producing work equal to, or better than, that which can be produced by the equipment specified. If such permission is granted by the Contract Manager, it shall be understood that such permission is granted for the purpose of testing the quality of work actually produced by such equipment and is subject to continuous attainment of results which, in the opinion of the Contract Manager, are equal to, or better than, that which can be obtained with the equipment specified. The Contract Manager shall have the right to withdraw such permission at any time that he determines that the alternative equipment is not producing work that is equal, in all respects, to that which can be produced by the equipment specified. Upon withdrawal of such permission by the Contract Manager, the Contractor will be required to use the equipment originally specified and shall, in accordance with the directions of the Contract Manager, remove and dispose of or otherwise remedy, at his/her expense, any defective or unsatisfactory work produced with the alternative equipment.

Neither the State nor the Contractor shall have any claim against the other for either the withholding or the granting of permission to use alternative equipment, or for the withdrawal of such permission.

Permission to use alternative equipment in place of equipment specified will only be granted where such equipment is new or improved and its use is deemed by the Contract Manager to be in furtherance of the purposes of this special provision. The approval for use of particular equipment on any project shall in no way be considered as an approval of the use of such equipment on any other project.

Nothing in this Section shall relieve the Contractor of the responsibility for furnishing materials or producing finished work of the quality specified in this special provision.

1.14 ALTERNATIVE METHODS

When more than one specified method of construction or specified type of material or construction equipment may be used to perform portions of the work and the selection of the method of construction or the type of material or equipment to be used will be decided by the Contractor, it is understood that the State shall not guarantee that every such method of construction or type of material or equipment can be used successfully throughout all or any part of any project.

It shall be the Contractor's responsibility to select and use the alternative or alternatives, which will satisfactorily perform the work under the conditions encountered. In the event some of the alternatives are not feasible or it is necessary to use more than one of the alternatives on any project, full compensation for any

EXHIBIT A
Standard Agreement

additional cost involved shall be considered as included in the contract price paid for the item of work involved and no additional compensation will be allowed therefor.

1.15 SOURCE OF SUPPLY AND QUALITY OF MATERIALS

The Contractor shall furnish all materials required to complete the work. Only materials conforming to the requirements of the Standard Specifications or those previously listed shall be incorporated in the work.

The materials furnished and used shall be new. The materials shall be manufactured, handled, and used in a workmanlike manner to insure completed work in accordance with these special provisions.

Materials to be used in the work will be subject to inspection and tests by the Contract Manager or the designated representative. The Contractor shall furnish without charge such samples as may be required.

The Contractor shall furnish the Contract Manager a list of sources of materials and the locations at which such materials will be available for inspection. The list shall be submitted on a State-furnished form and shall be furnished to the Contract Manager in sufficient time to permit inspecting and testing of materials to be furnished from such listed sources in advance of their use. The Contract Manager may inspect, sample or test materials at the source of supply or other locations, but such inspection, sampling or testing will not be undertaken until the Contract Manager is assured by the Contractor of the cooperation and assistance of both the Contractor and the supplier of the material.

The Contractor shall assure that the Contract Manager or the authorized representative has free access at all times to the material to be inspected, sampled or tested. It is understood that such inspections and tests if made at any point other than the point of incorporation in the work in no way shall be considered as a guaranty of acceptance of such material nor of continued acceptance of material presumed to be similar to that upon which inspections and tests have been made, and that inspection and testing performed by the State shall not relieve the Contractor or the suppliers of responsibility for quality control.

Manufacturers' warranties, guaranties, instruction sheets and parts lists, which are furnished with certain articles or materials incorporated in the work, shall be delivered to the Contract Manager before acceptance of the contract.

Reports and records of inspections made and tests performed, when available at the site of the work, may be examined by the Contractor.

EXHIBIT A
Standard Agreement

1.16 DEFECTIVE MATERIALS

All materials, supplied by the Contractor, which the Contract Manager has determined do not conform to the requirements of these special provisions will be rejected whether in place or not. They shall be removed immediately from the site of the work, unless otherwise permitted by the Contract Manager. No rejected material, the defects of which have been subsequently corrected, shall be used in the work, unless approval in writing has been given by the Contract Manager.

Upon failure of the Contractor to comply promptly with any order of the Contract Manager made under these provisions, the Contract Manager shall have authority to cause the removal and replacement of rejected material and to deduct the cost thereof from any monies due or to become due the Contractor.

1.17 CERTIFICATES OF COMPLIANCE

A Certificate of Compliance shall be furnished prior to the use of any materials for which the Standard specifications or these special provisions require that such a certificate be furnished. In addition, when so authorized in these special provisions, the Contract Manager may permit the use of certain materials or assemblies prior to sampling and testing if accompanied by a Certificate of Compliance. The certificate shall be signed by the manufacturer of the material or the manufacturer of assembled materials and shall state that the materials involved comply in all respects with the requirements of these special provisions. A Certificate of Compliance shall be furnished with each lot of material delivered to the work and the lot so certified shall be clearly identified in the certificate.

All materials used on the basis of a Certificate of Compliance may be sampled and tested at any time. The fact that material is used on the basis of a Certificate of Compliance shall not relieve the Contractor of responsibility for incorporating material in the work which conforms to the requirements of these special provisions and any such material not conforming to such requirements will be subject to rejection whether in place or not.

The Department reserves the right to refuse to permit the use of material on the basis of a Certificate of Compliance.

The form of the Certificate of Compliance and its disposition shall be as directed by the Contract Manager.

EXHIBIT A
Standard Agreement

1.18 CONTRACTOR'S RESPONSIBILITY FOR THE WORK AND MATERIALS

Until the acceptance of the contract, the Contractor shall have the charge and care of the work and shall bear the risk of injury, loss, or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the non-execution of the work, except as provided in the sections titled "Public Convenience". The Contractor shall rebuild, repair, restore, and make good all injuries, losses, or damages to any portion of the work occasioned by any cause before its completion and acceptance and shall bear the expense thereof, except as otherwise expressly provided in Section 7-1.165 of the Standard Specifications and except for such injuries, losses, or damages as are directly and proximately caused by acts of the Federal Government or the public enemy. Where necessary to protect the work from damage, the Contractor shall, at his/her expense, provide suitable drainage of the roadway and erect such temporary structures as are necessary to protect the work from damage. The suspension of the work from any causes whatever shall not relieve the Contractor of the responsibility for the work as herein specified.

1.19 REMOVAL OF REJECTED AND UNAUTHORIZED WORK

All work, which has been rejected, shall be remedied by the Contractor and no additional compensation will be allowed him for such remedial work.

Any work done beyond that established by the Contract Manager will be considered as unauthorized work and will not be paid for. Upon order of the Contract Manager unauthorized work shall be remedied, removed, or replaced at the Contractor's expense. Upon failure of the Contractor to comply promptly with any order to remove rejected or unauthorized work, the Department may cause such work to be remedied, removed, or replaced, and deduct the costs from any monies due or to become due the Contractor.

1.20 DISPOSAL OF MATERIAL OUTSIDE THE HIGHWAY RIGHT OF WAY

The Contractor shall make his/her own arrangements for disposing of materials outside the highway right of way and he shall pay all costs involved. Details on requirements, procedures, authorization and documentation shall be as indicated in Section 7-1.13 of the Standard Specifications.

Full compensation for all costs involved in disposing of materials as specified in this section, including all costs of hauling, shall be considered as included in the contract unit price to be paid and no additional compensation will be allowed therefor.

EXHIBIT A Standard Agreement

1.21 DAMAGED FACILITIES

The Contractor shall be responsible for replacing State facilities or private property lost or damaged due to Contractor personnel actions. The Contractor shall be liable to the Department or property owner for the cost of replacing these facilities, in kind.

If replacement is not made, costs may be deducted from any monies due or to become due the Contractor.

1.22 RESPONSIBILITY FOR DAMAGE

Responsibility for damage will be as stated in Section 7-1.12 of the Standard Specifications, with all references to 'the Engineer' replaced with 'the Contract Manager'. For damage caused by natural disasters see Section 7-1.165 of the Standard Specifications.

1.23 RIGHTS IN LAND AND IMPROVEMENTS

Nothing in these specifications shall be construed as allowing the Contractor to make any arrangements with any person to permit occupancy or use of any land, structure, or building within the limits of the contract for any purpose whatsoever, either with or without compensation, in conflict with any agreement between the State and any owner, former owner, or tenant of such land, structure, or building.

The Contractor shall not occupy State-owned property outside the right of way in which the work is situated, unless he/she enters into a rental agreement with the Department. The agreement will be based on the fair rental values.

1.24 PERSONAL LIABILITY

Neither the Director, the Contract Manager, nor any other officer or authorized employee of the State of California, nor any officer or employee of any county, city or district shall be personally responsible for any liability arising under or by virtue of the contract.

1.25 LEGAL ACTIONS AGAINST THE DEPARTMENT

In the event litigation is brought against the Department concerning compliance by the Department with State or Federal laws, rules or regulations applicable to highway work, the provisions of this Section shall apply.

- A. If, pursuant to court order (other than an order to show cause) the Department is prohibited from requiring the Contractor to perform all or any portion of the work,

EXHIBIT A
Standard Agreement

the Department may, if it so elects, eliminate the enjoined work or terminate the contract.

- B. If the final judgment in the action prohibits the Department from requiring the Contractor to perform all or any portion of the work, the Department will either eliminate the enjoined work or terminate the contract.
- C. If the contract is to be terminated, the termination and the determination of the total compensation payable to the Contractor shall be governed by the provisions of the section titled "Termination of Contract" of these special provisions.

1.26 TEMPORARY SUSPENSION OF WORK

The Contract Manager shall have the authority to suspend the work wholly or in part, for such period as he may deem necessary, due to unsuitable weather, or to such other conditions as are considered unfavorable for the suitable prosecution of the work, or for such time as he may deem necessary due to the failure on the part of the Contractor to carry out orders given, or to perform any provision of the contract. The Contractor shall immediately comply with the written order of the Contract Manager to suspend the work wholly or in part. The suspended work shall be resumed when conditions are favorable and methods are corrected, as ordered or approved in writing by the Contract Manager.

In the event that a suspension of work is ordered as provided above, and should such suspension be ordered by reason of the failure of the Contractor to carry out orders or to perform any provision of the contract; or by reason of weather conditions being unsuitable for performing any item or items of work, which work, in the sole opinion of the Contract Manager, could have been performed prior to the occurrence of such unsuitable weather conditions had the Contractor diligently prosecuted the work when weather conditions were suitable; the Contractor, at his/her expense, shall do all the work necessary to provide a safe, smooth, and unobstructed passageway through the work area for use by public traffic during the period of such suspension as provided in "Public Convenience", and "Public Safety", and as specified in these special provisions for the work. In the event that the Contractor fails to perform the work above specified, the Department will perform such work and the cost thereof will be deducted from monies due or to become due the Contractor.

1.27 FINAL CLEANING UP

Before final inspection of work site, the Contractor shall clean the highway, material sites, and all ground occupied in connection with the work of all rubbish, excess materials, temporary structures and equipment. All parts of the work shall be left in a neat and presentable condition. Full compensation for final cleaning up will be

EXHIBIT A Standard Agreement

considered as included in the contract unit rate and no separate payment will be made therefor.

Nothing herein, however, shall require the Contractor to remove warning, regulatory, and guide signs prior to formal acceptance by the Contract Manager.

1.28 ACCEPTANCE OF WORK

When the Contract Manager has made inspection as provided and determines that the contract work has been completed, he/she will accept the work completed, and immediately upon and after such acceptance by the Contract Manager, the Contractor will be relieved of the duty of maintaining and protecting the work as a whole and he will not be required to perform any further work thereon. The Contractor shall be relieved of the responsibility for injury to persons or property or damage at that assigned project site after the acceptance by the Contract Manager.

B. SECTION 2 - MAINTAINING TRAFFIC

2.1 GENERAL

Attention is directed to the Manual of Traffic Controls published by the State of California Department of Transportation. Nothing in this section is to be construed as to reduce the minimum standards in said manual.

Personal vehicles of the Contractor's employees shall not be parked on the traveled way or shoulders, including any section closed to public traffic.

Whenever vehicles or equipment are parked on the shoulder within 1.8 m (6 ft.) of a traffic lane, the shoulder area shall be closed with fluorescent traffic cones or portable delineators placed on a taper in advance of the parked vehicles or equipment and along the edge of the pavement at 7.5 m (25 ft.) intervals to a point not less than 7.5 m (25 ft.) past the last vehicle or piece of equipment. A minimum of 9 cones or portable delineators shall be used for the taper. A C23 (ROADWORK AHEAD) or C24 (SHOULDER WORK AHEAD) sign shall be mounted on a portable sign stand with flags. The sign shall be placed where directed by the Contract Manager.

In addition to the provisions set forth in "Public Safety", elsewhere in these special provisions, whenever work to be performed on the freeway traveled way (except the work of installing, maintaining, and removing traffic control devices) is within 1.8 m (6 ft.) of the adjacent traffic lane, the adjacent traffic lane shall be closed.

EXHIBIT A
Standard Agreement

Work that requires lane or ramp closures shall require notification of the Contract Manager one week prior to commencing work to arrange for proper notifications of traffic control at specific locations. Specifics will be coordinated or designated by the Contract Manager or the representative. Normal work requires daily notification of the specific work locations planned.

No two consecutive on-ramps or two consecutive off-ramps in the same direction of travel shall be closed concurrently.

Advanced special message signs shall be placed three (3) days in advance of the ramp closure. The Contractor shall notify the Contract Manager not less than seven (7) calendar days prior to installing the advance ramp closure warning signs.

Time restrictions for lane or ramp closures will be provided when each task order is issued.

Generally, lanes and ramps shall be closed only during the hours of 9:00 a.m. to 3:00 p.m., except work required under said Sections 7-1.08 and 7-1.09, work that interferes with public traffic shall be performed only during the hours shown.

On multi-lane roadways, a minimum of one paved traffic lane, not less than 3.5 m wide, shall be open for use by public traffic in each direction of travel.

On 2-lane, two-way roadways, a minimum of one paved traffic lane, not less than 3.5 m wide, shall be open for use by public traffic. When contract operations are not actively in progress, not less than 2 of these lanes shall be open to public traffic.

On 2-lane, two-way roadways, no work that interferes with public traffic shall be performed between 6:00 a.m. and 9:00 a.m. or between 3:00 p.m. and 6:00 p.m. except work required under Sections 7-1.08 and 7-1.09 of the Standard Specifications.

On all roadways, except as otherwise provided, the full width of the traveled way shall be open for use by public traffic on Saturdays, Sundays, and designated legal holidays; after 3:00 p.m. on Fridays and the day preceding designated legal holidays; and when contract operations are not actively in progress.

Designated legal holidays are: January 1st, the third Monday in January, February 12th, the third Monday in February, March 31st, the last Monday in May, July 4th, the first Monday in September, October 12th, November 11th, Thanksgiving Day and the following Friday, and December 25th. When a designated legal holiday falls on a Sunday, the following Monday shall be a designated legal holiday. When November 11th falls on a Saturday, the preceding Friday shall be a designated legal holiday.

EXHIBIT A Standard Agreement

Minor deviations from the requirements of this section concerning hours of work which do not significantly change the cost of the work may be permitted upon the written request of the Contractor if in the opinion of the Contract Manager, public traffic will be better served and the work expedited. These deviations shall not be adopted by the Contractor until the Contract Manager has approved them in writing.

2.2 TRAFFIC CONTROL SYSTEMS FOR LANE AND RAMP CLOSURES

A traffic control system shall consist of closing traffic lanes and ramps in accordance with the details shown on the Standard Plans, the provisions of Section 12, "Construction Area Traffic Control Devices", of the Standard Specifications, the provisions under "Maintaining Traffic" and "Construction Area Signs" elsewhere in these special provisions, and these special provisions.

In the Standard Plans, Note 10 on Standard Plan T10, Note 9 on Standard Plan T10A, Note 5 on Standard Plan T11, Note 6 on Standard Plan T12, Note 5 on Standard Plan T13, and Note 4 on Standard Plan T14 are revised to read:

All traffic cones used for night lane closures shall have reflective cone sleeves as specified in the specifications.

The C16 and C17 designations of the signs shown on the detail "Entrance Ramp Without Turning Pockets" of Standard Plan T14 are amended to designate the signs as R16 and R17, respectively.

The provisions in this Section will not relieve the Contractor from the responsibility to provide additional devices or take the measures as may be necessary to comply with the provisions in Section 7-1.09, "Public Safety", of the Standard Specifications.

Each vehicle used to place, maintain and remove components of a traffic control system on multi-lane highways shall be equipped with a Type II flashing arrow sign which shall be in operation when the vehicle is being used for placing, maintaining, or removing the components. Vehicles equipped with Type II flashing arrow sign not involved in placing, maintaining, or removing the components when operated within a stationary type lane closure shall only display the caution display mode. The sign shall be controllable by the operator of the vehicle while the vehicle is in motion. The flashing arrow sign shown on the plans shall not be used on the vehicles which are doing the placing, maintaining, and removing, of components of a traffic control system, and shall be in place before a lane closure requiring its use is completed.

When closing a lane, a barrier vehicle or a shadow vehicle shall be used for the installation of the signs and the flashing arrow sign (FMS) unless they can be placed

EXHIBIT A
Standard Agreement

while off the traveled way on the shoulder or median. A shadow vehicle or a barrier with a truck mounted crash cushion (TMCC) shall be used as the protective vehicle during the installation and retrieval of traffic cones and signs in the taper and tangent sections of the lane closure. All devices placed in areas with no shoulders from an open lane require the use of a shadow vehicle for protection.

If any component in the traffic control system is displaced, or ceases to operate or function as specified, from any cause, during the progress of the work, the Contractor shall immediately repair the component to its original condition or replace the component and shall restore the component to its original location.

When lane and ramp closures are made for work periods only, at the end of each work period, all components of the traffic control system, except portable delineators placed along open trenches or excavation adjacent to the traveled way, shall be removed from the traveled way and shoulder. If the Contractor so elects, the components may be stored at selected central locations, approved by the Contractor Manager, within the limits of the highway right of way.

The Contractor's equipment and materials shall not remain in a lane except when the lane is closed to traffic and the lane is being used for contract operations.

No lane obstruction/traffic control will be allowed when the pavement is wet or when atmospheric visibility is less than 800 m (1/2 mile).

At any time a lane is closed for contract work operations in accordance with the provisions of this section and it becomes necessary to clear the lane for use by public traffic due to congested conditions or for any other reason as determined by the Contract Manager, the Contractor shall immediately, upon notice from the Contract Manager, stop active contract operations and commence clearing the lane.

If the Contractor is ordered to clear a lane in accordance with these provisions or the Contractor is unable to begin work at the scheduled time, the Contractor will be compensated for the cost of this interruption to the Contractor's work as follows:

- (a) The Contractor will be granted an extension of time commensurate with the delay in accordance with the provisions of Section 8-1.07, "Liquidated Damages", of the Standard Specifications.
- (b) The Contractor will be compensated for the traffic control costs for the actual working time during which such delay condition exists, but in no case will exceed 8 hours in any one day.

EXHIBIT A
Standard Agreement

- (c) If the cancellation of work was caused, in any way, by the Contractor due to lack of proper equipment or personnel, or failure to show up at the worksite on time, then no compensation (time extension or hours paid) will be given the Contractor.

Moving type lane closures shall not be used.

Full compensation for providing the traffic control system shown on the plans (including signs) shall be considered as included in the contract price for traffic control per hour and no separate payment will be made therefor. Compensation for traffic control will be paid only when the operation affects a traffic lane. A shoulder closure will not justify separate payment for traffic control, and all necessary signs, cones; equipment and labor will be considered as included in the contract unit price.

C. SECTION 3.0 - WORK AREA TRAFFIC CONTROL DEVICES

3.1 GENERAL

All traffic-handling equipment and devices, and any flagging used in carrying out the contract work will meet the requirements set forth in Section 12 of the Standard Specifications, with the exception that Section 12-2.02 'Flagging Costs' shall not apply.

Furnishing and installing work area traffic control devices, and flagging shall be considered as a component of the contract unit price and no separate or additional compensation will be allowed, except as may be indicated in Section "Traffic Control Systems For Lane And Ramp Closures of these special provisions.

3.2 CONSTRUCTION AREA SIGNS

Construction area signs shall be furnished, installed, maintained, and removed when no longer required in accordance with the provisions in Section 12 of the Standard Specifications.

The term "Construction Area Signs" shall include all temporary signs required for the direction of public traffic through or around the contract work during contract operations. Such signs are shown in or referred to in the current Manual of Traffic Controls.

EXHIBIT A
Standard Agreement

D. SECTION 4.0 - PREQUALIFIED AND TESTED SIGNING AND DELINEATION MATERIALS

The Department maintains a trade name list of approved prequalified and tested signing and delineation materials and products. Approval of prequalified and tested products and materials shall not preclude the Contract Manager from sampling and testing any of the signing and delineation materials or products at any time.

Said listing of approved prequalified and tested signing and delineation materials and products cover the following:

MATERIALS and PRODUCTS

Temporary pavement markers
Striping and pavement marking tape
Pavement markers, reflective and non-reflective
Flexible Class 1 delineators and channelizers
Railing and barrier delineators
Sign sheeting and base materials
Reflective sheeting for barricades
Reflective sheeting for channelizers
Reflective sheeting for markers and delineators
Reflective sheeting for traffic cone sleeves
Reflective sheeting for barrels and drums

None of the above listed signing and delineation materials and products shall be used in the work unless such material or product is listed on the Department's List of Approved Traffic Products. A Certificate of Compliance shall be furnished as specified in "Certificates of Compliance", of these provisions for signing and delineation materials and products. Said certificate shall also certify that the signing and delineation material or product conforms to the prequalified testing and approval of the Department of Transportation, Division of Traffic Operations and was manufactured in accordance with the approved quality control program.

Materials and products will be considered for addition to said approved prequalified and tested list if the manufacturer of the material or product submits to the Division of Traffic Operations a sample of the material or product. The sample shall be sufficient to permit performance of all required tests. Approval of such materials or products will be dependent upon a determination as to compliance with the specifications and any test the Department may elect to perform.

A list of the approved prequalified and tested signing and delineation materials and products may be obtained from the Contract Manager.

EXHIBIT A
Standard Agreement

TASK ORDER

- A. Specific work shall be requested by Task Orders (Exhibit A, Attachment 1), which must list the following:

Date of Request	Requesters Name
Date Service Required	Contract Manager's Approval
Contract Number	Unit Number
Estimate if Number of Loops	Location Service Needed (Co./Rte/P.M.)
Traffic Control Needed	Traffic Control Restrictions

Maximum term per task order shall not exceed 6 months (NO EXCEPTIONS).

- B. Non-material changes may be listed in Task Orders at the direction of the Contract Manager.
- C. The working days for each Task Order issued, shall be specified as the period of performance stated on each Task Order.

EXHIBIT B
Standard Agreement

BUDGET DETAIL AND PAYMENT PROVISIONS

1. Invoicing and Payment

- A. For services satisfactorily rendered, and upon receipt and approval of the itemized invoice(s), the State agrees to compensate the Contractor for actual expenditures incurred in accordance with the rates specified herein.
- B. Itemized invoices shall include this Agreement Number and shall be signed and submitted in triplicate not more frequently than monthly in arrears to:

Department of Transportation
District 5 Maintenance
Attention: (To be Announced)
50 Higuera Street
San Luis Obispo, CA 93401

- C. The State will honor cash discounts and will make payment to the Contractor in accordance with the cash discount terms specified on the invoice, provided requirements of the Agreement have been met. Discount must be a minimum of one half of 1% of the amount due, but not less than \$25.00.
- D. Invoices to include the following:
 - 1. Date of Service
 - 2. Contract Number
 - 3. Task Order Number
 - 4. Location of Services
 - 5. Number of Loops
 - 6. Traffic Control Hours

2. Budget Contingency Clause

- A. It is mutually understood between the parties that this Agreement may have been written before ascertaining the availability of congressional or legislative appropriation of funds, for the mutual benefit of both parties in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.
- B. This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government or the California State Legislature for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress or the

EXHIBIT B
Standard Agreement

State Legislature that may affect the provisions, terms or funding of this Agreement in any manner.

- C. It is mutually agreed that if the Congress or the State Legislature does not appropriate sufficient funds for the program, this Agreement shall be amended to reflect any reduction in funds.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

4. Cost Limitation

- A. Total amount of this Agreement shall not exceed (To be determined).
- B. It is understood and agreed that this total is an estimate and that the State will pay only for those services actually rendered as authorized by the contract manager or his/her designee.

5. Rates

- \$ (To be determined) Per 6X6 Type A Induction Loop Repaired
- \$ (To be determined) Per 6X20 Type C Induction Loop Repaired
- \$ (To be determined) Per 6X35 Type C Induction Loop Repaired
- \$ (To be determined) Per 6X60 Type C Induction Loop Repaired
- \$ (To be determined) Per Hour of Traffic Control - All Locations (Night and day)

The majority of the work will be done at night due to traffic volume.

Bid rate shall include all labor, tools, material and equipment. No additional cost will be paid by the State other than the bid rate per loop and per hour traffic control, except Caltrans will pay 25% premium on Weekends, Holidays and work over 8 hours

EXHIBIT B
Standard Agreement

6. Excise Tax

The State of California is exempt from federal excise taxes, and no payment will be made for any taxes levied on employees' wages. The State will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales and use tax imposed by another state.

7. Inclusive Costs

The cost of employer payments to or on behalf of employees, subsistence, travel, compensation insurance premiums, unemployment contributions, social security taxes, Agreement bond premiums, and any other taxes or assessments INCLUDING SALES AND USE TAXES required by law or otherwise shall be included in the Agreement rates and no additional allowance will be made thereof, unless separate payment provision should specifically so provide.

8. Payroll Records

A. The Contractor and each Subcontractor shall comply with the following provisions. The Contractor shall be responsible for compliance by his/her subcontractors.

- 1.) Each Contractor and Subcontractor shall keep accurate payroll records and supporting documents as mandated by Section 1776 of the California Labor Code and as defined in Section 16000 of Title 8 of the California Code of Regulations, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the Contractor or Subcontractor in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - a.) The information contained in the payroll record is true and correct.
 - b.) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.
- 2.) The payroll records, enumerated under paragraph (1) above, shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

EXHIBIT B
Standard Agreement

- a.) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or the employee's authorized representative on request.
 - b.) A certified copy of all payroll records enumerated in paragraph (1) above, shall be made available for inspection or furnished upon request to a representative of the Department, the Division of Labor Standards Enforcement and the Division of Apprenticeship Standards of the Department of Industrial Relations.
 - c.) A certified copy of all payroll records, enumerated in paragraph 1 above, shall be made available upon request by the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through the Department. If the requested payroll records have not been provided pursuant to paragraph (b), the requesting party shall, prior to being provided the records, reimburse the costs of copy preparation by the Contractor, Subcontractors, and the Department. The public shall not be given access to the records at the principal office of the Contractor.
- 3.) Each Contractor shall file a certified copy of the records enumerated in paragraph (1) above, with the entity that requested the records within ten (10) days after receipt of a written request.
 - 4.) Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the Department shall be marked or obliterated in such a manner as to prevent disclosure of each individual's name, address and social security number. The name and address of the Contractor awarded the Agreement or performing the Agreement shall not be marked or obliterated.
 - 5.) The Contractor shall inform the body awarding the Agreement of the location of the records enumerated under paragraph (1) above, including the street address, city and county, and shall, within five working days, provide a notice of a change of location and address.
 - 6.) The Contractor or Subcontractor shall have ten (10) days in which to comply subsequent to receipt of written notice requesting the records enumerated in paragraph (1) above. In the event the Contractor or Subcontractor fails to comply within the ten-day period, he or she shall, as a penalty to the Department, forfeit twenty-five dollars (\$25) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Such penalties shall be withheld by the Department from payments then due. A contractor is

EXHIBIT B
Standard Agreement

not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.

- B. The penalties specified in paragraph 6 above for noncompliance with the provisions of said Section 1776 may be deducted from any monies due or which may become due to the Contractor.
- C. Payrolls shall contain the full name, address and social security number of each employee, the correct work classification (including apprentices), rate of pay, daily and weekly number of hours worked, itemized deductions made and actual wages paid. The employee's address and social security number need only appear on the first payroll on which his name appears. The payroll shall be accompanied by a "Statement of Compliance" signed by the employer or employer's agent indicating that the payrolls are correct and complete and that the wage rates contained therein are not less than those required by the Agreement. The "Statement of Compliance" shall be on forms furnished by the Department or on any form with identical wording. The Contractor shall be responsible for the submission of copies of payrolls of all subcontractors.
- D. The Contractor and each Subcontractor shall preserve their payroll records for a period of three (3) years from the date of completion of the Agreement.
- E. The Contractor shall submit a certified copy of all payroll records for verification by the Department's Contract Manager and/or Designee with the Contractor's invoices within ten (10) days, not including Saturdays, Sundays or legal holidays, following completion of the work to the Contract Manager. When progress payments are called for, the Contractor shall submit a certified copy of all payroll records for verification for the work completed to date along with their invoices for verification by the District Labor Compliance Office. Delinquent payrolls or other required documents will cause payment to be withheld pending receipt of such documents.
- F. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this clause.

9. Penalty

- A. The Contractor and any Subcontractor under the Contractor shall comply with Labor Code Sections 1774 and 1775. In accordance with said Section 1775, the Contractor shall forfeit, as a penalty to the Department, not more than fifty dollars (\$50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any public work done under the contract by him or her, or by any subcontractor under

EXHIBIT B
Standard Agreement

him/her, in violation of the provisions of the Labor Code and, in particular, Labor Code Sections 1775 to 1780, inclusively.

- B. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of the mistake, inadvertence, or neglect of the Contractor or Subcontractor in failing to pay the correct rate of prevailing wages, or the previous record of the Contractor or Subcontractor in meeting his or her prevailing wage obligations, or a Contractor's willful failure to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages is not excusable if the Contractor or Subcontractor had knowledge of the obligations under the Labor Code. In addition, to the penalty and pursuant to Labor Code Section 1775, the difference between the prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor or Subcontractor.
- C. If a worker employed by a Subcontractor on a public works project is not paid the general prevailing per diem wages by the Subcontractor, the prime Contractor of the project is not liable for any penalties described above, unless the prime Contractor had knowledge of that failure of the Subcontractor to pay the specified prevailing rate of wages to those workers or unless the prime Contractor fails to comply with all of the following requirements:
- 1.) The Agreement executed between the Contractor and the Subcontractor for the performance of work on the public works project shall include a copy of the provisions of Sections 1771, 1775, 1775.5, 1776, 1813 and 1815 of the Labor Code.
 - 2.) The Contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the Subcontractor to the employees by periodic review of the certified payroll records of the subcontractor.
 - 3.) Upon becoming aware of the failure of the Subcontractor to pay his or her workers the specific prevailing rate of wage, the Contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited, to retaining sufficient funds due the Subcontractor for work performed on the public works project.
 - 4.) Prior to making final payment to the Subcontractor for work performed on the public works project, the Contractor shall obtain an affidavit signed under penalty of perjury for the Subcontractor that the Subcontractor has paid the specified general prevailing rate of per diem wages to his or her employees on the public works project and any amounts due pursuant to Section 1813.

EXHIBIT B
Standard Agreement

- D. Pursuant to Section 1775 of the Labor Code, the Department shall notify the Contractor on a public works project within 15 days of receipt of a complaint that a Subcontractor has failed to pay workers the general prevailing rate of per diem wages.
- E. If the Department determines that employees of a Subcontractor were not paid the general prevailing rate of per diem wages and if the Department did not retain sufficient money under the contract to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the Contractor shall withhold an amount of moneys due the Subcontractor sufficient to pay those employees the general prevailing rate of per diem wages if requested by the Department.
- F. The Contractor shall pay any money retained from and owed to a Subcontractor upon receipt of notification by the Department that the wage complaint has been resolved. If notice of the resolution of the wage complaint has not been received by the Contractor within 180 days of the filing of a valid notice of completion or acceptance of the public works project, whichever occurs later, the Contractor shall pay all moneys retained from the Subcontractor to the Department. The moneys shall be retained by the Department pending the final decision of an enforcement action.
- G. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this clause.

10. State General Prevailing Wage Rates

- A. The attention of the Contractor is directed to, and the Contractor agrees to comply with all of the applicable provisions of the Labor Code including those provisions requiring the payment of not less than the general prevailing rate of wages. The Contractor further agrees to the penalties and forfeitures provided in said Code in the event a violation of any of the provisions occurs in the execution of this Agreement.
- B. Pursuant to Section 1771.5 of the Labor Code, not less than the general prevailing wage rate of per diem wages and the general prevailing rate of per diem wages for holiday and overtime work for work of a similar character in the county in which the work is to be performed shall be paid to all workers employed on this Agreement, if this Agreement is for:
 - 1.) More than \$25,000 for public works construction or,

EXHIBIT B
Standard Agreement

- 2.) More than \$15,000 for the alteration, demolition, installation, repair, or maintenance of public works.
- C Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this clause.

11. State Prevailing Wage Rate Determinations

- A. The General Prevailing Wage Rate Determinations applicable to the project are available and on file with the Department's Regional/District Labor Compliance Office. These wage rate determinations are made a specific part of this contract by reference pursuant to Labor Code Section 1773.2. Any special wage rate determinations applicable to this project are attached.
- B. General Prevailing Wage Rate Determinations applicable to this project may also be obtained from the Department of Industrial Relations Internet site at:
<http://www.dir.ca.gov/>
- C. After award of the Agreement, and prior to commencing work, all applicable General Prevailing Wage Rate Determinations are to be obtained by the Contractor from the Department's District/Regional Labor Compliance Officer. These wage rate determinations are to be posted by the Contractor at the job site in accordance with Section 1773.2 of the California Labor Code.
- D. Questions pertaining to predetermined wage rates should be directed to the Department of Industrial Relations, Division of Labor Statistics and Research, P. O. Box 420603, San Francisco, CA 94142-0603, (415) 972-8628.

12. Hours of Labor

- A. Eight (8) hours labor constitutes a legal day's work. The Contractor shall forfeit, as a penalty to the State of California, twenty-five dollars (\$25.00) for each worker employed in the execution of the Agreement by the Contractor or any Subcontractor under the Contractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and 40 hours in any one calendar week in violation of the provisions of the Labor Code, and in particular Sections 1810 to 1815 thereof, inclusive, except that work performed by employees in excess of eight (8) hours per day, and forty (40) hours during any one week, shall be permitted upon compensation for all hours worked in excess of eight (8) hours per day and forty (40) hours in any week, at not less than one and one-half times the basic rate of pay, as provided in Section 1815.

EXHIBIT B
Standard Agreement

- B. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this clause.

EXHIBIT D
Standard Agreement

SPECIAL TERMS AND CONDITIONS

1. Settlement of Disputes

- A. Any dispute concerning a question of fact arising under this Agreement that is not disposed of by agreement shall be decided by the Department's Contract Officer, who may consider any written or verbal evidence submitted by the contractor. The decision of the Contract Officer, issued in writing, shall be conclusive and binding on both parties to the Agreement on all questions of fact considered and determined by the Contract Officer.
- B. Neither the pendency of a dispute nor its consideration by the Contract Officer will excuse the contractor from full and timely performance in accordance with the terms of the Agreement.

2. Subcontractors

- A. Nothing contained in this Agreement or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of his/her responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.
- B. The contractor shall perform the work contemplated with resources available within its own organization and no portion of the work shall be subcontracted without written authorization by the State's Contract Manager, except that which is identified on the DVBE Participation Goals and Verification Form.
- C. Any subcontract in excess of \$25,000, entered into as a result of this Agreement, shall contain all the provisions stipulated in this Agreement to be applicable to subcontractors.
- D. Any substitution of subcontractors must be approved in writing by the State's Contract Manager in advance of assigning work to a substitute subcontractor.

EXHIBIT D
Standard Agreement

3. Termination

- A. The Department of Transportation reserves the right to terminate this Agreement without cause upon thirty (30) days written notice to the Contractor or immediately in the event of material breach by the Contractor.
- B. In the event that the total contract amount is expended prior to the expiration date, the State may, at its discretion, terminate this contract with 30 days notice to contractor.

4. Employment of Apprentices

- A. Attention is directed to the provisions in Section 1777.5, 1777.6 and 1777.7 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him/her. (Section 1777.5 shall not apply to contracts of general contractors or to contracts of specialty contractors not bidding/proposing work through a general or prime contractor, involving less than 20 working days or \$30,000.)
- B. The Contractor and any subcontractors under him/her shall comply with the requirements of 1777.6 and, where applicable, of 1777.5 in the employment of apprentices.
- C. To insure compliance and complete understanding of the law regarding apprentices, and specifically the required ratio thereunder, each contractor or subcontractor should, where some question exists, contact the State Division of Apprenticeship Standards, P. O. Box 420603, San Francisco, California 94142-0603, or one of its branch offices, prior to commencement of work on the public works contract. Responsibility for compliance with Section 1777.5 lies with the prime Contractor. Penalties are specified in Labor Code Section 1777.7.
- D. Any subcontract entered into as a result of this contract shall contain all of the provisions of this article.

5. Retention of Records/Audits

- A. For the purpose of determining compliance with Public Contract Code Section 10115, et. seq. and Title 21, California Code of Regulations, Chapter 21, Section 2500 et. seq., when applicable, and other matters connected with the performance of the Agreement pursuant to Government Code Section 8546.7, the Contractor, subcontractors and the State shall maintain all books, documents, papers, accounting records, and other evidence pertaining to the performance of the Agreement, including but not limited to, the costs of administering the Agreement. All parties shall make such materials available at their respective offices at all reasonable times during the

EXHIBIT D Standard Agreement

Agreement period and for three years from the date of final payment under the Agreement. The State, the State Auditor, FHWA, or any duly authorized representative of the Federal government having jurisdiction under Federal laws or regulations (including the basis of Federal funding in whole or in part) shall have access to any books, records, and documents of the Contractor that are pertinent to the Agreement for audits, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

- B. Any subcontract entered into as a result of this Agreement shall contain all the provisions of this article.

6. Default

If, after award and execution of the Agreement, the contractor defaults, the Agreement may be terminated for non-satisfactory performance. Contractor may be assessed damages in the amount of \$500 for administrative costs. Additionally, the contractor may be liable to the State for the difference between the contractor's original bid price and the actual cost of performing the work by the second low bidder or by another contractor.

7. Non-Solicitation

The contractor warrants, by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained or contracted by the contractor for the purpose of securing business. For breach or violation of this warranty, the state shall have the right to annul this Agreement without liability, paying only for the value of the work actually performed, or in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

8. Disabled Veterans Business Enterprise (DVBE) Participation (With Goals)

- A The Contractor has complied with the requirements of Public Contract Code Section 10115 et seq. DVBE goals achieved are expressed as a percentage of the estimated dollar value of this contract, and are identified on the ADM 0227S DVBE Participation Goals and Verification attached to and made a part hereof.
- B The following goals are the Contractor's commitment set forth in this contract based upon the estimated total dollar amount to be expended*

EXHIBIT D
Standard Agreement

(____%) of work for DVBE(s)

*If this contract is amended and the additional work can be included in the sub-contracted work, the goals may be amended to reflect this change.

- C. Substitutions of DVBEs. Contractor must use the DVBE subcontractors and/or suppliers contained in the solicitation response to the State, unless a substitution has been pre-approved in writing by the Department Contract Manager. No substitutions are to be made without receipt of prior written approval from the Contract Manager. Failure to obtain approval of substitute contractors before work is performed, supplies are delivered or services are rendered may result in payment being denied by Department.
- D. At a minimum, the contractor's substitution request must include:
- 1) a written explanation of the substitution reason; and if applicable, the contractor must also include the reason a non-DVBE subcontractor is proposed for use;
 - 2) the contractor must also include a written description of the substitute business enterprise; include their business status as a sole proprietorship, partnership, corporation or other entity, and the firm's DVBE certification status, if any;
 - 3) a written notice detailing a clearly defined portion of the work identified both as a task and as a percentage share/dollar amount of the overall contract that the substitute firm will perform.
- E. **Prior** to the approval of the prime contractor's substitution request, the **Contract Manager** must give written notice to subcontractor being substituted by the prime contractor. A copy of the notice sent by the contract manager must be sent to the Contracts office. The notice must:
- 1) give the reason the prime contractor is requesting substitution of the listed subcontractor;
 - 2) give the listed subcontractor five working days within which to submit written objections to the Contracts Office and copies to the contract manager;
 - 3) notify the subcontractor that if a written objection is not received or received past the due date, such failure will constitute consent to the substitution; and
 - 4) the notice shall be served by certified or registered mail to the last known address of the listed subcontractor.
- F. If written objections are filed by the listed contractor, the Contract's Office, will render a written decision. The Contracts Office shall give written notice of at least five working days to the listed subcontractor of a hearing by the Department on the prime contractor's request for substitution.

EXHIBIT D
Standard Agreement

- G. Department may consent to the substitution of another subcontractor in any of the following situations:
- 1) When the subcontractor listed in the solicitation bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract, when that written contract based upon the general terms, conditions, plans and specifications for the project involved or the terms of that subcontractor's written bid is presented to the subcontractor by the prime contractor.
 - 2) When the listed subcontractor becomes bankrupt or insolvent, or goes out of business.
 - 3) When the listed subcontractor fails or refuses to perform his or her subcontract.
 - 4) When the listed subcontractor fails or refuses to meet the bond requirements, if any of the prime contractor.
 - 5) When the prime contractor demonstrates to the Department, or its duly authorized officer, that the name of the subcontractor was listed as the result of an inadvertent clerical error.
 - 6) When the listed subcontractor is not licensed pursuant to any applicable licensing requirement of any regulatory agency of the State of California.
 - 7) When the Department or the Contract Manager determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, contract requirements or that the subcontractor is substantially delaying or disrupting the progress of the work.
- H. The request for substitution and the state's approval or disapproval is not to be construed as an excuse for non-compliance with any other provision of law, including but not limited to the subletting and subcontracting fair practices act (Section 4100 et seq. Of the Public Contract Code) or any other contract requirements relating to the substitution of subcontractors. Failure to adhere to the DVBE participation in the performance of the contract may be cause for contract termination and recovery of damages under the rights and remedies due the state.
- I. Any DVBE firm acting/working under subcontract must be responsible for providing materials, supplies, equipment or services and must carry out its responsibility by actually performing, managing, or supervising the work involved that is normal for its business services and functions.
- J. The Contractor shall maintain records of all subcontracts entered into with DVBE sub-contractors including records of materials purchased from DVBE suppliers. Such records shall show the name and address of each DVBE subcontractor or supplier and the total dollar amount paid to each one. Upon completion of the contract, a summary of these records shall be prepared and certified correct by the

EXHIBIT D Standard Agreement

Contractor or his authorized representative and the summary shall be furnished to the State's Contract Manager.

9. Laws to be Observed

The contractor shall keep fully informed of all existing and future state and federal laws and county, and municipal ordinances and regulations which in any manner affect those engaged or employed in the work, the materials used in the work, or which in any way affect the conduct of the work, and of all such orders and decrees of bodies or tribunals having any jurisdiction or authority over the same. Contractor shall at all times observe and comply with, and shall cause all agents and employees to observe and comply with all such existing and future laws, ordinances, regulations, orders, and decrees of bodies or tribunals having any jurisdiction or authority over the work. The contractor shall protect and indemnify the State of California and all officers and employees thereof connected with the work against any claim, injury, or liability arising from or based on the violation of any such law, ordinance, regulation, order, or decree, whether by the contractor, a subcontractor, or an employee. If any discrepancy or inconsistency is discovered in the plans, drawings, specification, or Agreement for the work in relation to any such law, ordinance, regulation, order, or decree, the contractor shall immediately report the same to the contract manager in writing.

10. Specific Statutory Reference

Any reference to certain statutes in this Agreement shall not relieve the Contractor from the responsibility of complying with all other statutes applicable to the service, work, or rental to be furnished thereunder.

11. Equipment Indemnification

- A. The contractor shall indemnify the state against all loss and damage to the contractor's property or equipment during its use under this Agreement and shall at the contractor's own expense maintain such fire, theft, liability or other insurance as deemed necessary for this protection. The contractor assumes all responsibility which may be imposed by law for property damage or personal injuries caused by defective equipment furnished under this Agreement or by operations of the contractor or the contractor's employees under this Agreement.
- B. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this article.

EXHIBIT E
Standard Agreement

1. Liability Insurance Provisions

- A. Contractor is responsible for any deductible or self-insured retention contained within the insurance program.
- B. The Insurance policy shall contain a provision that states that coverage will not be cancelled without 30 days prior written notice to the State.
- C. Coverage must be in force for the complete term of this Agreement. If insurance expires during the term of this Agreement, a new certificate must be received by the State at least ten (10) days prior to the expiration of this insurance. This new insurance must still meet the terms of this Agreement.
- D. In the event contractor fails to keep in effect at all times the specified insurance coverage, the State may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event, subject to the provisions of the Agreement.
- E. Any insurance required to be carried shall be primary, and not excess, to any other insurance carried by the State.
- F. The State will not be responsible for any premiums or assessments on the policy.

1. Commercial General Liability

- a.) Contractor shall maintain general liability with limits of not less than **\$1,000,000** per occurrence for bodily injury and property damage liability combined. The policy shall include coverage for liabilities arising out of premises, operations, independent contractors, products and completed operations, personal and advertising injury, and liability assumed under an insured Agreement. This insurance shall apply separately to each insured against whom claim is made or suit is brought subject to the contractor's limit of liability.
- b.) The State of California, its officers, agents, employees, and servants shall be included as additional insured, but only with respect to work performed for the State of California under this Agreement. The insurance carrier should provide an endorsement for the additional insured statement.

2. Automobile Liability

- a.) Contractor shall maintain motor vehicle liability with limits of not less than \$(1,000,000) per accident. Such insurance shall cover liability arising out of a motor vehicle including owned, hired, and non-owned motor vehicles. (Auto Liability coverage is needed only if a vehicle is used in the Scope of Work stated in the Agreement.)

EXHIBIT E
Standard Agreement

b.) The State of California, its officers, agents, employees, and servants shall be included as additional insured, but only with respect to work performed for the State of California under this Agreement. The insurance carrier should provide an endorsement for the additional insured statement.

3. Workers' Compensation/Employer's Liability
Contractor shall maintain statutory workers' compensation and employer's liability coverage for all its employees who will be engaged in the performance of the Agreement, including special coverage extensions where applicable. Employer's liability limits of **\$1,000,000** shall be required.

2. License Requirements

The Contractor shall be properly licensed in accordance with the laws of the State of California and shall possess a valid Class A or C-10 license.

3. Licensed Contractor Standards for Quality of Work

- A. Licensed contractors must observe professional standards for quality of work or the California Contractors State License Board will invoke disciplinary action.
- B. Notice is hereby given that certain actions by a Contractor, including, but not limited to the following, constitute grounds for disciplinary action once the State has notified the license board of all violations:
1. A willful departure from plans and specifications or disregard of trade standards for good and workmanlike construction in any material respect that might prejudice the Department of Transportation, owner of the property upon which you perform work (Bus. & Prof. Code, 7109).
 2. The failure to observe and comply with all of the applicable labor laws (Bus. & Prof. Code 7110).
 3. Material failure to complete this Agreement (Bus. & Prof. Code 7113).
- C. Should the State determine that the work or materials provided vary materially from the specifications, or, that defective work when completed was not performed in a workmanlike manner, then the Contractor warrants that he/she shall perform all necessary repairs, replacement and corrections needed to restore the property according to the Agreement plans and specifications, all at no further or additional cost to the State.

EXHIBIT E
Standard Agreement

4. Interfacing With Pedestrian and Vehicular Traffic

Pursuant to the authority contained in Section 591 of the Vehicle Code, the Department has determined that within such areas as are within the limits of the project and are open to public traffic, the contractor shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14 and 15 of the Vehicle Code. The contractor shall take all necessary precautions for safe operations of the contractor's equipment and the protection of the public from injury and damage from such property.
